"Best Seller" for 3 good reasons

Buick now outsells all other cars in its price class and above

YOU'VE probably noticed it right in your own neighborhood. Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks. Know what's happening? Folks in growing numbers — (and maybe you'll be joining them soon!) — are finding Buick styling, performance and value far too wonderful to pass up. So Buick is selling at a record pace — outselling all other cars in its price class and above. Matter of fact, latest figures for the first quarter of 1954 show that, in total national volume, Buick is outselling every other car in America except two of the so-called "low-price three."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success. **There's styling** in Buick that's the greatest beauty advance in years — the very look of tomorrow — and with the spectacular panoramic windshield that's part and parcel of this dream-car look. **There's performance** in Buick as never before — with record-high V8 power, with the sensationally smooth

whip of Twin-Turbine Dynaflo,* with the buoyant ride of all-coil-springing, with a new precision of control and handling. **And there's value** in Buick that's hard to match — with prices starting near the "low-price three" — prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before. **How about you?** Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.
