ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

If it's never going to be summer or even spring some extra clothes will be needed.

We have planned both ways. If you want warm clothes we have 'em. If you want some gay and springlike we have that, too.

Time to insure grain against loss from hail which may happen at any time in this time of the year, and it may happen to any one.

Fire insurance may start now. The cost is the same and it is well to be insured early before there is danger of loss.
