

Former Teachers Visit In Moro

Mr. and Mrs. Homer Townsend and infant daughter were here last weekend and they gave the morning service at the Community church telling of their experience as teachers at Menaul school in New Mexico where they moved after finishing a teaching tour at Moro.

Mr. and Mrs. Tom Preece and two children were in town Wednesday of this week for a few hours looking up friends they knew when he was coach here about ten years ago. They are now at Weaverville, California, west of Redding, where he is principal of the Trinity County High school.

Mr. and Mrs. Homer Grant and daughter stopped here for a short visit with her sister, Mrs. Collis Moore last Thursday, while on their way back to California from Canada.

Mrs. May Barnum was driving around Sherman county last Friday for the first time in many months. She was able to get out in her car, driven by her brother, Roy Kunsman, and says she can walk some although a victim of

arthritis.

L. V. Moore had some new glasses fitted last week when Dr. J. D. Minnick came up from The Dalles to fit his eyes.

Nathalie Carter of Albany is here visiting her aunt and uncle Mr. and Mrs. Darwin Van Gilder.

Mr. and Mrs. Merle Bingham of Eugene are here visiting Mr. and Mrs. Roy Belshee. Mrs. Belshee and Mrs. Bingham are sisters.

Gene Colton left Saturday on his vacation which he expected to spend visiting around Alturas, California and at Lakeview.

Mr. and Mrs. Jim Kerr and family were in Sandy over the weekend where their new son born July 5th was christened Sunday at the home of her parents, Mr. and Mrs. Dick Huhman.

Rev. and Mrs. Alfred Solomon left last week for their annual vacation month of August. They are in Arizona to visit her parents and will spend some time in California during the month.

Bud Rogers of Hillsboro came Saturday night to return his family home after ten days here with her grandparents, Mr. and Mrs. E. E. Barnum.

Mrs. Doris Ellis, teacher here

COMPARING NOTES—Film comedian Danny Kaye, left, and Metropolitan Opera star Robert Merrill, right, blend their voices in an operatic aria during a for-old-times' sake reunion. Merrill says Danny sings as well as he does.

Rufus Grange Host To District Event

The past masters, masters, deputies, past deputies, wives and husbands of the tri-county visitation were present when they met at the Rufus grange hall Saturday evening for their second meeting since they organized.

A bountiful pot luck dinner was served to sixty people at the flower decorated tables. Flowers also made the room attractive.

President Walter Webb presided at the business meeting which transacted numerous things coming before them.

Mrs. Rolland Johnson presented the visitation contest awards to Rolland Johnson, master of Sherman County Pomona who won first place and Harland McDonald, master of Rufus grange who won 2nd place in the subor-

Washing Machine Use Depends On Load

Which type of washing machine does the best job of getting clothes clean?

Mary Beth Minden, home management specialist for OSC extension service, has this answer: No one type consistently gets clothes cleaner than others.

The big difference is in the way the machine is used, she said. The U. S. department of agriculture recently tested performance of the leading types of washers, she explained. Among their findings was that clothes wash cleaner if the machine is not loaded to capacity.

Homemakers often put in a full load to save time, water or detergent, the specialist said. But for cleanliness, studies show it is better to put six or seven pounds of clothes in a washer that can take eight or ten pounds, for example.

Though homemakers often have been cautioned against overloading because it might damage the motor, studies indicated this hazard is slight in most washers. The big disadvantage of overloading is poor laundering.

Very hot water does the best job with cottons, research showed. The higher the temperature of the wash the better, within a range of 120 to 160 degrees.

Water heaters usually give a sufficiently hot supply for good laundering, Miss Minden said. Water hotter than 160 degrees damages water valves and hoses of washing machines and may cause burns.

inate granges. They were both altar cloths and arrived too late to be given out at the picnic last month at Rockford grange.

The next meeting of the past masters who plan to meet every three months will be at Parkdale grange October 30 with a 6:30 p. m. pot luck dinner.

Rolland Johnson master of county Pomona grange announced the Pomona meeting date was changed to September 25 and will be at Harlandview grange. The usual date is the last Saturday in August and at that time the members are vacationing or still harvesting.

At this time a board of directors or to act as an executive committee was elected. They are Walter Bruckert, Everett Olmstead, Rolland Johnson, Truman Brooks and Walter Wells.

The officers and committees were elected at the last meeting and were Walter Webb, president; George Morrell, vice president; Mrs. Rolland Johnson, secretary-treasurer; agricultural committee chairman is Rolland Johnson with George Morrell and Roy Johnson assisting; legislative chairman is Harland McDonald with Earl Moore and Harvey Pullen assisting; Mrs. Stella Ruff is chairman of the social events with Everett Olmstead and Charles Burnett assisting; publicity Mrs. Rolland Johnson for Sherman county Everett Olmstead for Wasco and Clarence McCoy for Hood River.

Mr. and Mrs. Doug Morin announce they are parents of a 6 lb. 1 oz. son born July 26. The boy was named Leo Darrell. This is the first child of the Morins who now live at Yoncalla, Oregon. Mrs. Morin was the English teacher and girls athletic coach at Rufus school last year. Mrs. Morin says off the record that he has the longest, darkest hair imaginable.

Saturday and Sunday the mercury climbed to its highest point for the Rufus area. Sunday it was 100 degrees and there was no breeze for relief. However, during the night a wind came up and was literally blowing a gale Monday morning at which time the thermometer registered 70 degrees. With the clouds hovering above most anything can happen. The farmers don't want any rain at this time as every one was so late getting started harvesting on

account of the damp wheat. Just a couple lucky ones like Dick Yocom are finished here.

The George Blackburne house is up on rollers ready to be moved. The Blackburnes are living in their packing house while moving their house and getting it livable again. September 1st is the date the others along the highway are to be moved from the right of ways, as on September 3rd the bids are let for the area from Rufus to Biggs.

Mr. and Mrs. Roy Blake said they were grateful to all who helped put out the grass fire last week on the Herman Brackett place where they live. Mrs. Blake said she was burning papers in a trash can when a burning piece flew out into the grass and in spite of her efforts to stop it it quickly got out of control, so she called for help.

Mr. and Mrs. Fred Harrison of Twin Bridges were callers at the George Fox home Wednesday afternoon.

Mr. and Mrs. George Fox and son Jimmy were Sunday guests of their son in law and daughter,

Mr. and Mrs. Earl Weatherford of Olex.

The Home Ec club members are reminded of the no host lunch meeting at the Rufus grange hall August 12. Ladies bring your sewing to work on while plans are made for a fair booth and lunch stand at the Sherman County Fair.

Mr. and Mrs. Tom Buce's daughter Alana was taken to Portland Wednesday with infection in her ear. Mrs. Buce and her mother Mrs. Frank Weatherford of Olex took Alana down and she was operated on Thursday for a mastoid. She was getting along satisfactorily.

BARBER SHOP CLOSED

from Aug 9 to Aug 16
open Tuesday Aug 17
Andy Paulson

You'll want to be dressed for the fair, not just dressed, but decorated. A big hat, a bright shirt, a gay kerchief, and a suitable pair of pants, boots, too.

We can show you just what you'll need.

To their future...
your gift of a
U. S. Savings Bond

What a wonderful start for their life together! A wedding gift that becomes more valuable, more appreciated with time. Because that Bond is more than an ordinary gift... it is a symbol of their future hopes and plans. And a reminder of your thoughtfulness for years to come.

For any really important person or occasion, give the present with a future—a U. S. Savings Bond. So easy to give... no sizes or patterns to worry about. So nice to receive... because it increases in value with the years, as much as 80% more than the original price.

Why not Give Yourself a Present, Too? Start today on a systematic, sure way of saving for the things you want most! It's easy—with the Payroll Savings Plan.

Go to your company's pay office, choose the amount you want to save—a couple of dollars a payday, or as much as you wish. That money will be set aside for you before you even draw your pay. And automatically invested in U. S. Series E Savings Bonds which are turned over to you.

If you can save \$3.75 a week, in 9 years 8 months you will have \$2,137.30. Saving \$18.75 a week, 9 years 8 months will bring you \$10,700!

Eight million working men and women are building their security with the Payroll Savings Plan. For your sake, and your family's, too, how about signing up today? Or, ask your banker about the convenient Bond-A-Month Plan.

How much
are Standard's
owners paid?

75 years ago one of the companies from which Standard Oil Company of California grew was formed by five men. In those days smaller communities and simpler needs could be served by concerns owned by one man or a small group. They furnished all the money—they kept all the profit, too. But the West grew tremendously, and we've grown up with the West.

Today, no one man could pay for all the oil fields, refineries, and other equipment Standard needs to serve you well. These investments are shared among Standard's 112,000 owners. About 97% of these shareholders are private individuals like you—including 12,000 Standard employees, our largest single group of owners. In addition, 293 schools and universities are owners of Standard, along with 224 churches and religious organizations, 165 hospitals and medical groups, and 1889 small and large businesses. These are our sole proprietors—we

are neither owned nor controlled by any of the Standard companies in the East. Like the proprietors of any company, these shareholders receive the profits from their business. Each dollar they have in Standard is currently earning approximately 10¢ a year. Only about 5¢ of this is paid to them in cash. The remainder is plowed back into the business to bring you even better products and services... to stay ahead of competition. By planning ahead this way, Standard grows with the West, keeps pace with your needs.

STANDARD OIL COMPANY OF CALIFORNIA
75 years of planning ahead to serve you better
