from the trees at Rufus now. How ever, the peaches are just beginning to ripen at most of the Rufus orchards. The Golden Jubilee variety is the first to ripen with the Hale-haven following right behind them.

The second cutting of alfalfa has been cut and put away at the farms having alfalfa in this area. In fact there are only three farms raising alfalfa here excepting perhaps a few who try dry land alfalfa. The other ones are Harland McDonald, Trace Fields and James Fox who irrigate their fields.

Last week was very good wheat harvesting weather. The west wind blew a bit all week, keeping a nice even temperature to work in. This vicinity doesn't seem to have the hot weather it used to experience. In previous years it was nothing for the temperature to soar above a hundred degrees for several weeks. So far this summer we've had two days of near 100. Ofcourse one doesn't hear any complaint!

Mrs. Leo Dumler of Salem was a guest last week-end of her brother and sister-in-law, Mr. and Mrs. Leland Medlar. Her son Wally Dumler drove tractor for his uncle Leland during harvest. They expect to finish with their harvest operations Tuesday. Then Wally will return home with his mother.

Guests for the week-end at the George Fox home were their son-in-law and daughter, Dr. and Mrs. Wilson Foote and daughter Nancy Lou, Mr. and Mrs. Earl Weatherford and sons Grant and Frank of Arlington. Mrs. Foote and daughter went home with the Weatherfords Sunday night to stay until Thursday then she'll spend the rest of the week at the Foxes. Dr. Foote left for Corvallis Sunday in time to take in the football game in Portland.

Patricia O'Brien of Biggs was a week-end guest of her friends Arlen and Kay Macnab.

Mr. and Mrs. William O'Brien of Biggs spent Saturday and Sunday in Echo visiting Bill's folks.

Kathy and Timmy who had spent several weeks visiting their grandparents in Echo returned home.

George L. Fox Jr. will leave Sunday for La Grande to begin practice for the Shrine All-Star football game. The boys are to report in La Grande at 1:30 Sunday.

EXAMINER COMING

A drivers license examiner will be on duty in Moro Tuesday, Aug. 17, at the court house between the hours of 10 a. m. and 3 p. m.

according to an announcement received from the Secretary of State's office.

Persons wishing original licenses or permits to drive are asked to file applications well ahead of the scheduled closing hour in order to assure time for completion of the required license test.

THE OLD CROW DISTILLERY COMPANY, FRANKFORT, KY.

BETTER BUY Blitz!

Don't get your guests in an uproar, Pal... it'll be a bully barbecue if there's plenty of cool, cool Blitz. Just wrap your company around a mellow, better-tasting Blitz and your party won't go to the dogs. When you barbecue, you're really cooking with charcoal if there's plenty of the better beer...so better buy Blitz!

A radio powered by sunlight. Man's centuries-old dream of getting power directly from the sun has come true at last. Bell Telephone Laboratories has built a solar battery that directly and efficiently turns sunlight into usable electricity. Made of highly purified silicon—which comes from common sand—the Bell solar battery can run a small radio set (above) or send voices over telephone wires. Telephone people are still testing it. But chances are good that, once they finish, the Bell solar battery will offer great opportunities for improvement and economies in telephone service. Research like this helps us bring better service to more people at the lowest possible cost. Pacific Telephone.
