here's why

- ★ Interferes with Oregon's program to conserve and maintain the salmon resource.
- ★ Would idle more than 1800 fishermen and \$11,680,000 equipment.
- ★ Closes every Oregon coastal port south of Astoria to commercial salmon fishermen.
- ★ Grabs for a few a resource that belongs to all the people of Oregon.

### Smitty's Not-So-Silent Partner

Dropped into Smitty's gas station last week and met his new partner who turned out to be a real talker.

"What'll it be?" asked Smitty. Before I had a chance to answer I heard a strange voice "Fill her up! Fill her up!" And there was Smitty's partner—one of those parakeets perched next to the gas pump.

"Took me a month," Smitty said, "but I finally taught him to say those magic words. It's sure paid off—he's had a good influence on my customers."

From where I sit, Smitty's bird may be good for business—and may get him a few laughs. But when people act like parakeets, they're not so funny. For instance, those who keep insisting over and over again that their neighbors shouldn't have a glass of temperate beer with their supper now and then. They're simply repeating their own ideas, without any regard for the rights of others.
