SUN OF CANADA REDUCES COST OF INSURANCE

\$26 Million in Dividends to policyholders in 1955

New dividend scales which, for the sixth consecutive year, will considerably reduce the cost of life insurance for the policyholders of the Sun Life Assurance Company of Canada, are announced by George W. Bourke, President, in his Annual Review of the Company's business for 1954. Approximately \$26 million will be paid out in dividends in the coming year, an increase of more than \$2 million over 1954.

New life insurance sold in 1954 amounted to nearly \$700 million, an increase of \$120 million over the previous year. This new business figure is the largest reported for the year by any Canadian company, much of it having been sold in the United States where Sun Life has 36% of its business in force, and branches in major cities from coast to coast.

Included in the new business figure was \$239 million of group insurance, representing an increase of \$68 million over the 1953 figure. Total Sun Life insurance in force now exceeds \$6 billion.

Other important figures of the Report include \$41,365,000 paid to beneficiaries of deceased policyholders and \$92,985,000 paid to living policyholders and annuitants. This \$134 million paid in 1954 brings the total paid by the Company since its organization in 1865 to \$2,866 million.

MORTGAGE LOANS UP

Mr. Bourke declared that the contribution by life insurance to new housing in the United States and Canada looms larger every year. During 1954, Sun Life mortgage loans increased by more than any other type of investment, and by the end of the year the Company had \$323,000,000 invested in mortgages, mostly in individual homes.

The Sun Life of Canada, with 93% of its total business in force in the United States, Canada and Great Britain, holds 46% of its invested assets in the United States.

Mr. Bourke, in his Report, expressed optimism for Canada's continued prosperity. "A year ago, I told you that I looked forward to 1954 with every confidence," he declared. "That confidence proved to be justified and is in no way lessened for 1955."

A copy of Sun Life's complete 1954 Annual Report of Policyholders, including the President's review of the year, is being sent to each policyholder, or may be obtained from Stuart Johnson, 1110 North Winter, Salem, Oregon.
