

Moro Personals

Last meeting of the Moro Women's club for the year will be held at the home of Mrs. Vernon Miller. It will be a pot luck at 12:30 Wednesday May 4th.

The school board is looking for some new school teachers for next year due to the resignations of Don Anderson, who will go to a school near Silverton next year and Miss Dorothy Beachler, who will teach music nearer her home town.

Alvin Rasmussen cut his left hand severely while at work at the Husky Hut and had 13 stitches taken in it at the hospital.

Mr. and Mrs. Carroll Sayrs and Mr. and Mrs. Robert Hoskinson went to Grand Coulee dam over the past week end, stopping to see Chief Joseph dam and in general taking in the sights.

Mrs. Clare Axtell was here last week from her home at Amity to look after some business. Clare is fat and busy with chickens and garden.

T. T. Mackenzie, engineer with the Tudor company, stationed at The Dalles was a visitor in Moro Wednesday. The Tudor company is one of the bidders on the survey of the Maryhill bridge.

Mr. and Mrs. Harold (Sox) Sexton were in town Friday of last week while he was serving papers in several towns in eastern Oregon on his duty as U. S. Marshal for Oregon.

Mrs. Harriet Romine was taken to the Pendleton hospital Sunday for the 26th day of April. Also after a brief illness. Her store is closed until her return.

E. R. Jackman was here last Friday and Saturday visiting farmers and talking about grass and ranges and the wheat programs.

Judy Kelso is back in school after a severe sick spell last week.

Mr. and Mrs. John Parker drove to Portland and on over to the coast last week end.

Mr. and Mrs. Mal Evans and family have gone to Sheridan where he is working in a garage having left the Moro Motors last week.

Mrs. Keith McDonald and Mr. and Mrs. Hildred Zell attended a reception Saturday evening in Portland honoring Mrs. Hal Simpson, past grand matron and present grand lecturer of the Grand chapter OES of Oregon.

Robert Brown 26 of La Grande was arrested by Sheriff Fields while working on a highway crew at Grass Valley and turned over to Baker county officials on a charge of contributing to the delinquency of a minor.

Legionnaires have been spending nights painting and redecorating their hall in Moro so it will be better suited to their own meetings and the youth meetings held there. More work is contemplated.

The citizens of Grass Valley looked out Tuesday morning to find the ground covered with snow. Also had snow flurries during the morning. Quite unusual for the 26th day of April.

Mrs. Harriet Romine was taken to the Pendleton hospital Sunday for the 26th day of April. Also after a brief illness. Her store is closed until her return.

Rufus Personals

Mrs. George Fox

The resignation of Mrs. Joe Morris, as Pomona was received and accepted. Mrs. Sadie Rich was elected. Mr. and Mrs. Kenneth Fridley were elected to become members of the grange by initiation.

The lecturer was unable to be present, so Mrs. Sadie Rich had charge of the program. Lunch was served after the meeting.

Rains have fallen generously in this area for the past week. It has brought some cold winds with it. These rains really help the growing crops and pastures as the moisture isn't very plentiful this year. Some of the farmers haven't their

fields sprayed for weeds yet, but the majority are finished. The Grass Valley grade school boys came to Rufus Friday afternoon for a baseball game. The Grass Valley boys were winners outplaying the Rufus lads.

Wasco News

Mrs. Joe Drinkard

Mr. and Mrs. R. M. Johnson returned home Sunday from a trip to southern Oregon where on Thursday evening Mrs. Johnson who is state grange lecturer held a county lecturer's conference at Klamath Falls to make plans for their part of state grange to be held June 6 to 10. On Friday the Johnsons met with lecturers in Lake county and Saturday they visited the Jackson county Pomona.

Wasco Tillicums meeting at the home of Mrs. John Robinson Thursday afternoon April 21 were Mrs. Bill Nisbet, Mrs. L. L. Funk, Mrs. James Maddox, Mrs. Paul Patrick, Mrs. Anna Lee, Mrs. Lee Dehler, Mrs. Vernon Van Gilder and Mrs. Harry Van Gilder.

The annual WSCS silver tea was held Wednesday afternoon April 20 at the little Legion hall with about forty ladies in attendance. The Rev. Richard Bruner showed pictures of interesting places in Boston. The lady members of the Methodist choir sang and Betsy Bish gave an exhibition of acrobatics. Betsy is five and exceptionally good at acrobatics. Refreshments were served by committee members Mrs. Hildred Zell, Mrs. L. E. Kaseberg and Mrs. Gordon Harper. The May meeting will be for election of the 1935-36 officers.

The Past Matrons club of Annie Fulton chapter met at the home of

Kent Items

By Nancy Wilson

Mr. and Mrs. John Decker and children, Nancy and Donnie, with Mrs. Jay McKay and Mrs. Carl Watkins were overnight visitors in Portland Monday. They visited Mrs. May Mitchell who is very ill at the St. Vincent's hospital.

Mr. and Mrs. Lester Wilson and family were business visitors in Portland Monday.

Mr. and Mrs. J. C. Wilson of Portland were business visitors in Kent this week.

Mr. and Mrs. Bill Bucholtz and baby of Ellensburg, Wn., are visiting at the home of his sister and brother in law, Mr. and Mrs. Hod McKay.

The Busy Bakers Cooking club met at the home of Mrs. Hod McKay, April 23. A special feature was roll call. The girls answered the roll by naming their favorite desserts.

A demonstration on how to bake bread was given by Mary Ann McKay and Nancy Wilson. Nancy demonstrated how to shape rolls and Mary Ann how to make dough for bread. Erin Wilson and Peggy McKay demonstrated how to make cocoa. Judy MacInnes how to prepare a relish dish.

Others present were Linda Helyer, Karen Wilson, Kay McKay, assistant leader Margaret Mobley, leader and Mrs. Robert Helyer a guest.

THE FEATHERED FRIENDS

Meeting was called to order by president, Buck Nichols, April 7, 1935. The minutes were dispensed with as the secretary was not present.

The members were asked if they wanted eggs and most of them did not so early. Some questions were asked about different things, such as incubators and eggs.

The next meeting will be in the latter part of April or the first of May at the Ross ranch.

Whether it rains or not the wind is going to blow. If your roof is in bad repair or about to be, see me about—

Brea aqua news

Warren Wilkinson Says

DID YOU KNOW THAT: (1) According to the California Bureau of Chemistry, California growers used more than three times as much aqua ammonia (20-0-0) the first 9 months of '34 compared to the same period of '33? (2) The rate of increase was 26 times that of any other non-solution type of nitrogen fertilizer? (3) At the same time, Aqua jumped from 5th to 2nd place in total tonnage? Shows what can happen when you take the lift and lug out of fertilizer handling with low-cost fertilizer simples-in-solution. I like to tell my customers that "with Brea Aqua you don't lift anything heavier than the end of a two-inch hose!"

OUR DRILL APPLICATION RIGS are doing a nice job for customers these days, and naturally we are well equipped and ready to handle more customer acreage. Things are happening so fast in the fertilizer business that I know we can save you money and do a better job if you will let us bid on your nitrogen needs.

GROWERS WHO OPERATE their own application equipment have found that "One-Man-Handling" per tractor, with Brea Aqua, soon pays the cost of changeover. With high-speed transfer pumps to refill applicator tanks in a few minutes, it no longer takes two men to keep a rig rolling. Many Brea growers handle equipment modification in their own shops.

Shallow Drilling of Soak-In-N Pays Off for Grain Growers

SHALLOW DRILL APPLICATION of Brea Aqua Ammonia minimizes soil and seed bed disturbance, conserves soil moisture, cuts time and equipment costs.

More and more local grain producers are boosting yields and profits with Brea Aqua Ammonia... low-cost, high performance nitrogen-in-solution. Brea Aqua is a "natural" for grain. It combines easy, mechanized fluid handling with shallow drill application which soaks nitrogen into the soil at just the desired number of pounds per acre.

Brea's Agricultural Technical service offers these recommendations for dryland grain: Vary the application rate with average rainfall expectancy as follows. In California: 8-12 inches of rain—30-40 lbs. N per acre; 12-18 inches of rain—40-50 lbs. N per acre; 18-24 inches of rain—50-60 lbs. N per acre; and above 24 inches of rain—60-75 lbs. N per acre. In Washington and Oregon: 8-15 inches of rain—30-50 lbs. N per acre; 16-23 inches of rain—50-70 lbs. N per acre; above 23 inches of rain—70-90 lbs. N per acre. Soil tests are recommended to determine phosphate requirements.

For more information and assistance in planning your nitrogen and phosphate schedules—call us today. We'll be happy to show you how Brea Aqua pays for itself over and over again. You'll like our prompt service, low cost, per pound of nitrogen applied convenience in handling and the exceptional results.

Just call us and we'll come out and show you how Brea Aqua Ammonia can make more money for you.

Agri-Chem
Warren Wilkinson, Wasco, Ore. Phone 133

Mr. and Mrs. Harry Van Gilder and Mrs. Idah Everett drove to Hood River Sunday to visit Mr. and Mrs. Ed McKee.

Latest news of "Cap" Scott, a Wasco resident for many years, is that he fell out of bed at his home in Portland and broke his hip. He was moved to the Veterans hospital there to have the break set.

From where I sit... by Joe Marsh

Red Finds a "Sweet Solution"

Red Jackson found a slick way to get his cows to eat what's good for them. Seems they were passing up the tall green grass—full of minerals and vitamins—and eating the short grass, which is naturally sweeter.

Red solved the problem by spraying a solution of corn syrup over the grass that was going begging. The cows sure went at it. Red says it's lucky for him—and the cows—that every one of them has a "sweet tooth."

Next week, according to Red, he's going to have his cows clean up all the weedy grass along his fences—after he sprays them with more corn syrup, of course.

From where I sit, some folks, like Red, are always trying out new tricks—and others stick with the old tried and true methods. Just a question of preference, I guess. Like the way you may enjoy coffee with meals, while I prefer a cold glass of beer. So let's not allow any bad feelings to "crop up" by thinking ours is the only choice.

Joe Marsh
