WHAT'S DOING

Cal Horn, your Telephone Manager

The telephone call that made Joanie's heart jump

Joan might be the girl next door. At 14, she's cute as anything. And you should have seen the look on her face the night Joe, one of the fellows in her class, called to invite her to the next school dance. Outwardly, Joanie seemed calm. But when her Dad nodded "yes" to her, she was almost speechless. After all—a first date happens but once. And when you stop to think of it, isn't it true that telephone calls herald many a big moment in our lives—reunions, weddings, births? Yet consider how little your telephone actually costs for all the ways it serves you. Isn't it one of today's best buys? Pacific Telephone works to make your telephone a bigger value every day.

An up-to-date telephone arrangement for your home

Folks who go in for modern living are finding how handy it is to have a telephone in each of the rooms they use a lot. Just think how much you'd enjoy a telephone in the kitchen where you can call or answer without leaving your work. Of course, one in the living room is practically a must. And in the bedroom a telephone adds comfort, security. With up-to-date telephone arrangements, you save time. You save steps. You have privacy for your calls. And you can enjoy the convenience of added telephones for only a little more than you pay now. Why not call us and talk it over soon.

KEEPING PACE WITH THE RAPID GROWTH OF THE DALLES AREA

Construction of a new annex to our Central Office at Fourth and Court Streets, The Dalles, got underway Monday, April 16th. The additional space will cost \$41,000.00 and will house equipment costing \$105,000.00. This is just one of several projects scheduled for this area. In Sherman County, too, we are planning changes in central office equipment which will involve additions to our buildings in Moro and Wasco. Our great Pacific Northwest is humming with activity and is one of the fastest growing areas in the nation. We in the telephone business are doing our level best to KEEP PACE and meet the demand for one of today's outstanding bargains—good telephone service! Pacific Telephone.
