From where I sit ... by Joe Marsh

Sad Note From The Bugle

All of us on the *Clarion* were alarmed to learn that our principal rival in the newspaper field — the *Balesville Bugle* — might have to shut down.

Crops were bad in Balesville last year and one of their factories moved out of town. Just temporary hard times, of course — but the *Bugle* needs help now if it's to survive.

So, this paper is going to scrape up a little money to help tide them over, and we hope other local concerns will do the same. We've seldom agreed with them editorially over the years — but we want their competition to keep us on our toes.

From where I sit, this country needs papers with different points of view — just as it needs people with different ideas and tastes. You may prefer iced tea as a hot-weather cooler... I generally choose a cold glass of beer. But if either of us couldn't express his opinion, and act on it, that would be "bad news" for the whole community.

It's worth a special trip down to see your friendly appliance dealer about getting a freezer!

A whole new approach to meal preparation comes with a home freezer, and it's yours for just pennies a week at Pacific Power's low electric rates.

This new approach to cooking saves you endless hours in the kitchen. You shop in quantity, cook in quantity — prepare several dishes or entire meals at one time — and keep food freezer-fresh till wanted.

(And, of course, a freezer lets you save money, too. You save all year long, by taking advantage of seasonal buys and the many other economies a freezer makes possible.)

Better living is yours at low cost with Pacific Power electric service — the biggest bargain in your family budget!
