## These Things We Note

By Giles L. French

(Continued from Page 1)  
A generation ago there were  
celebrations of the Fourth of July  
in every county and almost every  
town. There were speeches, the  
Declaration of Independence was  
read, there was a Goddess of Lib-  
erty and reverence for the day and  
what it stood for.

Those were the days when men  
and women were isolated in their  
ordinary pursuits, when they  
worked alone on farm and in for-  
est and seldom saw their fellows.  
Then it was a holiday when men  
and women got together.

Now it is the custom to work

together in big gangs or in offices.  
We see our fellowmen every day,  
every hour. It is now a holiday to  
get away from them and go off to  
stream or woodland where there  
are few evidences of civilization,  
no telephone, no traffic, no con-  
versation except one's own which  
is always a pleasant sound.

We think there is no need to  
decri the change and we doubt if  
citizens are any less patriotic for  
the change in celebration of holi-  
days. The conditions have chang-  
ed and the people change in ac-  
cordance with them.

T T W N  
Things are tough everywhere.  
We saw a bat hunting bugs over  
the river in broad daylight Satur-  
day.

T T W N  
The cayuse was a creature of  
spirit that loved his liberty so  
they bred him into a Belgian that  
loved his security and was easily  
handled. They will be painting  
pictures and recalling with affec-  
tion the cayuse while praising the  
tractor that made the Belgian  
obsolete.

T T W N  
It is a bit unsocial of scientists  
to be figuring out ways to make  
men live longer now that social  
security has made 65 such a mar-  
velous age. If they live longer  
they may have to work longer and  
think how utterly terrible that  
would be.

T T W N  
We note again that the Salk vac-  
cine got a bad break and largely  
because of the impatience of Amer-  
icans and the error of reporting  
medical experiments as medical  
fact.

SHERMAN PICNIC AUGUST 14  
The Sherman county picnic, an-  
nual get-together of former and  
present residents of the county,  
has been scheduled for August 14,  
Laurelhurst Park in Portland is  
the site chosen for the event.

Mr. and Mrs. Ralph Busse took  
their daughter, Vie, and Arlean  
DeMoss to camp Menucha over the  
Fourth and went on to attend the  
VFW convention at Oceanlake.  
Mr. and Mrs. Alvin Rasmussen  
spent Sunday in Hood River visit-  
ing their two sons and families.

## ROOFING

Whether it rains or not the wind is going to blow.  
If your roof is in bad repair or about to be, see me  
about—

for I have several kinds of roofing that are well  
adapted to this country, that will not blow off and  
that will shed rain for years.

## Class of 1950 Holds Reunion in The Dalles

The graduating class of 1950  
from Moro high school was reunited  
for a few brief hours, Saturday,  
July 2 in The Dalles when several  
of the grads spent the evening to-  
gether dining and dancing.

only six were present, including  
Shirley McIntyre, Lois Kelley, Ca-  
role Norton and fiances; Marie  
Balzer, Wily Knighten and David  
Moore. Mr. and Mrs. Ted Merydith  
also were present. Mr. Merydith  
was class adviser in 1950.

Missing were Ron May, station-  
ed with the air force in England;  
Ed Justesen, now at Fort Ord,  
Calif.; Leone Gomez (Moore) of  
Ruth, Nevada; Leitha Malincheck  
(Leader) of Compton, Calif.; Mar-  
tha Bardenhagen, now studying in  
Maryland; Scott Fritts of Grass  
Valley; Ina May Draga (Ziegler)

tagnola (Moore) of Astoria.

## Scout Troop Camps At Suttle Lake Over 4th

For the sixth year, Scout Troop  
362 camped at Suttle Lake over  
the 4th of July holidays. Thirteen  
scouts made the trip on Thursday,  
June 30, returning Tuesday, July  
5. Harold Eakin, assistant scout-  
master, was in charge of the group.

The boys get valuable training  
in camping technique besides the  
fun of boating, fishing and water  
skiing on the lake.

Six families of the scouts were  
camped nearby in tents and trailer  
houses. They report the Suttle  
Lake area is gaining in popularity.  
Each year more people are seen  
there.

COMBINE YOUR NEW  
CHEVROLET PURCHASE WITH  
YOUR VACATION PLANS!  
Order a new Chevrolet through us,  
then pick it up at the plant in Flint,  
Michigan, see Chevrolets built, if you  
like, and drive yours home. Chances  
are, you'll save a substantial share of  
your vacation travel costs!

Twin Pipes that play sweet music!

## Chevrolet's "Super Turbo-Fire V8" with 180 hp.

You can spot this one by the twin tailpipes. No mat-  
ter what you drive, you're going to see twin-exhaust  
Chevrolets pulling away—in traffic, on the toughest  
hills, on the long straightaways.

... Unless you have a "Super Turbo-Fire V8" of  
your own. And then you'll know what it's like to pilot  
the car that sets the pace for everything else—and  
doesn't pause to read the price tags!

What makes the Super cat? Chevrolet's superb  
valve-in-head V8, with the shortest stroke in the in-

dustry, the most power per pound, and the only 12-volt  
electrical system in its field—all this plus a four-  
barrel carburetor and free-breathing twin exhausts.

Want to sample this silk-lined cyclone? Just give  
us a call, any day this week, and we'll be proud to  
show you just how hot a V8 can be.

\*Optional at extra cost.  
†Station wagon models have single exhaust pipes.
