Milton Zell came home Saturday for a few days with his parents, Mr. and Mrs. Hildred Zell. He is in the navy and stationed at San Diego, California.

A. B. and Bon Christianson were first to start this year's harvest and are hauling to Biggs. Following them were Clem Welk, George Fox, J. R. Yocum, McCoy Bros., John and Gordon Hilderbrand, Pat and George Macnab, the Macnab Co., Ed Cardinal, Clarence Morrison and Fred Domaier. A normal crop is being cut and several more are to start this week. The warm weather ripened the wheat in a hurry when it finally came.

Last week's fires brought this years total to more than we had all season last year. They included a fire on the Kaseberg place where a barn was burned, a grass fire in town between the homes of Bertha Moon and the Joe Morrows. It got into Harry Van Gilder's wheat but was stopped almost at once before any real damage was done. Later that evening the rest of the lot was burned off as a protection for both homes.

Rev. and Mrs. Richard Bruner have as guests his parents, the Samuel Bruners of Cleves, Ohio. They and Mrs. Bruner and son left Wednesday morning to fly east where she will visit her own parents Mr. and Mrs. Robert Maddox of Columbus, Ohio and the elder Bruners. She expects to be gone about three weeks.

Mrs. Tom Bessler and son Felix and Mrs. Mac McBride are moving Saturday to the Bessler home in Portland where she can be close to her doctor. They have been living in the Rich apartment.

Guests a day late last week of Mrs. Vieda Van Gaasbeck were her brother in law and sister Mr. and Mrs. Ed McKee of Hood River and Mr. and Mrs. M. E. McKee of Portland.

Recent guests of Mr. and Mrs. Dell Wright have been Mr. and

Mrs. Dale Wright, Mr. and Mrs. Perl Wright and Leston Wright and his son, all of Portland.

Mr. and Mrs. Floyd Haines have moved to the house on the Harry Van Gilder ranch. They had been living in the Owen Barnett house on Main street.

Mr. and Mrs. Joe Morrow are living in the house formerly occupied by Mr. and Mrs. LeRoy Hesgard.

Mrs. Vieda Van Gaasbeck stumbled and hurt her leg and foot and was unable to be around much for a couple of weeks. It is much better now.

Mrs. Hazel Boyd is to enter a Portland hospital Sunday, July 24, for surgery.

Clarence Odell is in Vancouver, Wn., where he is to roof fourteen new houses in a unit.

them in this area were Bill and Don Macnab, Leland Medier and Dick Yocum. Yocum is the only one hauling to the Rufus elevators at this writing. The others take their loads to Klondike.

The Home Ec. club of Rufus grange met Thursday afternoon at the Wasco City Park for a pot luck picnic. Some invited guests and their families also attended. There was a short business meeting after the picnic. Mrs. Harland McDonald reminds the women they will soon have to make preparations for the food stand they plan to operate at the Sherman County Fair in September. Also the grange plans to have a display booth at the fair.

Jerry Brackett and Jimmy Fox drove to Echo Sunday to pick up Michael O'Brien who plans to work for the Fay Bracketts during the harvest season.

Mr. and Mrs. Bill O'Brien brought Patty O'Brien down from Echo to join the local Girl Scouts who will spend this week at the Girls Scout camp.

Mr. and Mrs. W. M. Franklin and children of Chelan, Wn., plan to come to Rufus Sunday where Mrs. Franklin will be the new pastor of the Rufus church of the Nazarene. Mr. Franklin is also a minister, but due to poor health is retired. The children are a senior and junior in high school and will be students at Rufus this fall.

It took the ferocious wind of last Saturday to blow out the heat of last week when this community sweltered under heat hovering around the 100° mark. No extensive damage of the wind was reported, however, but it did hamper the harvesting operations of the few who began Friday. Among

You and the West profit when Standard changes a dollar

Like you and your family, Standard Oil Company of California has to have money coming in to keep going. And like you, we must divide every dollar of this income into quite a few pieces to keep the bills paid. Our budgeting is naturally on a large scale, but the result is about the same; most of the money Standard takes in goes right back into circulation. And when a sum like \$1,229,000,000 (our total income last year) goes into circulation, its benefits are broad and deep. Practically everyone in the West

shared, directly or indirectly, in Standard's good year. We thank you for your patronage that made it possible. And we'd like you to know that a sizable piece of change from each of our dollars goes for things that improve service to you: research facilities for development of better products at low cost; new plants to make them more available; widespread exploration for new petroleum fields to help keep America's oil barrel full. To do these jobs, now and for the future, here's how we changed a Standard dollar:

If you need money... a low-cost First National personal loan is as easy as this...

- 1 Go to your nearby First National Branch, and ask to see a loan officer. (You'll find him friendly, helpful.)
- 2 Explain your needs. (You might wish to consolidate debts, pay doctor bills or taxes, or have one of many other reasons to need ready cash.)
- 3 Arrange your own repayment plan. (Small monthly payments will be suited to your particular situation.)
- 4 You will receive cash, or have the loan credited to your account.

- 38¢** from every dollar went for wages, services and goods. Of this \$471,500,000 the largest item was for payroll, vacations, sickness payments, other employee benefits. Most of the rest went to buy supplies, from paper clips to steel, bought locally when possible. Standard was a customer of thousands of Western firms.
- 2¢** to working capital and debt. This \$20 million increased inventories of products for future sale and included payments on debt.
- 13¢** paid for other new construction and exploration. It cost \$162 million and it included money for refineries, pipe lines and for drilling wells in the search for new oil.
- 10¢** was set aside for depreciation, to help replace facilities as they wore out. A great deal of this \$119 million went to workmen, technicians, and suppliers.
- 8¢** for taxes was divided among the U. S. government, states, counties and cities. Standard's tax bill came to \$101,500,000... enough to build plenty of schools, bridges, park equipment, etc. Standard also collected product and sales taxes for federal, state and city governments.
- 22¢** went for crude oil. To supplement our own production, Standard bought millions of barrels from hundreds of independent producers. This cost \$268 million — an important item to producers' profits and their employees' paychecks.
- 7¢** of every dollar, or \$87 million, was left to divide among our owners, Standard's 117,035 shareholders, in return for the use of the money they have invested in the Company.
