

Moro Personals

Thursday evening, July 21st, Mrs. Allen Pinkerton was honored at the home of Mrs. Cloyd Duncan. Mrs. Jerry Disch and Mrs. Duncan were the hostesses. The party was given with the mother in mind instead of the expected infant. The honored was presented with a lovely negligee of violet and white with matching gown. The guests had a gala time playing Bunco—a lively dice game. The guests were Mesdames Keith, Donald, and Ted Thompson, Joe Heater, Gwen Matteson, Bob Chesney, Dean Pinkerton, Harry Pinkerton, Bob Boynton, Andy Paulson, Frank Sayrs, Roscoe Moore, Tommy Thompson, Bill Hall, Claude May, Donald Anderson and Virgil Archer. Rev. and Mrs. Alfred Solomon, and son, arrived back in Moro Tuesday after six weeks of vaca-

tion and study in the San Francisco area. Mr. Solomon attended a three week summer session at San Francisco Theological Seminary, and Mrs. Solomon a summer choir school conducted by John Finley Williamson of the Westminster choir. Accompanying the Solomons from California and here for a visit are Mrs. Solomon's father and stepmother, Mr. and Mrs. H. H. Wasser, of Phoenix, Arizona, and Miss Laura See of Los Angeles, California. Elmer Halstead of Salem, supervisor of public service training, state division vocational education was interviewing fire department personnel relative to firemen training here last week. Mr. and Mrs. Roy Belshee returned from their Alaskan trip last week and report that they had a fine time although not getting as far as they desired into the interior. Transportation in Al-

aska is hard to get. Mr. and Mrs. Kenneth Young arrived Thursday to stay a day or so visiting friends in Moro from the time they were teachers in the school here. They are guests of Mr and Mrs. Darwin Van Gilder. Charles Belshee is in a hospital in McMinnville, having been taken there by his daughter, Mrs. Avery Martin. He is reported to be getting along well. A social security agent will be in The Dalles every Wednesday and can be seen at the offices in the Pacific Power & Light building. Born: To Mr. and Mrs. Lloyd Wooderson, Friday, July 29, at The Dalles, a daughter. Mrs. Annie Smouse and her daughter, Mrs. Richard Baker, are visiting this week at the Orlov Martins.

Mr. and Mrs. Ernest Esslinger left Sunday to attend the Newton family reunion at Hillsboro, and to stop in Portland for medical attention for Mr. Esslinger. Mrs. Edith Burnet is spending a few days in Portland this week. Mr. and Mrs. Fred Kurilo and family of Portland were weekend guests of Mr. and Mrs. Lester Barnum, stopping on their way home from a vacation fishing trip at Twin lakes. Eddie Barnum, son of Mr. and Mrs. Cleo Barnum of Bend, went home Friday after remaining here with relatives for several days for his first long visit away from home. Byron Peetz and family came to Moro Wednesday with his mother, Mrs. Ora Peetz to stay a few more days before returning to his home in Hawaii.

Mr. and Mrs. Giles Frnech went to Bend Friday to talk over reapportionment problems with the Oregon Farm Bureau which was meeting there. Dewey Thompson is home again after spending a week at Menucha where he was adviser for a group of ten year olds who were enjoying their vacations on the old estate now owned by the Presbyterian church. Tom Alley was up Thursday from The Dalles to look over his ranches now operated by his sons, Paul and Edgar. Tom says it was his first trip this year. Harvest weather finally came

the last of the week with bright, sunny skies and reasonably warm nights. Wheat is still damp enough to make the elevator men nervous but most of it can be threshed in the north end of the county.

IS YOUR WHEAT GETTING NITROGEN IN THE ROOT ZONE?

SHELL'S way is the Sure way to fertilize with nitrogen

FIRST—AND BEST— IN AMMONIA FERTILIZATION!

When you buy a nitrogen fertilizer, be sure you get one that gives you full strength nitrogen, in a form that can go to work right away, and one that stays with your wheat crop throughout the growing season.

Shell NH₃ answers all these important requirements for nitrogen fertilizer. It is guaranteed a full 82% nitrogen. And because Shell NH₃ is scientifically placed in the root zone, it starts feeding wheat immediately, resists leaching, maintains a supply of plant nourishment.

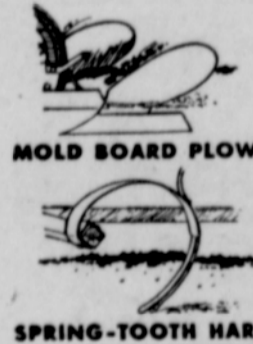

Shell NH₃ Science—scientific nitrogen application by Shell-trained experts—assures you full value for your fertilizer dollar.

Shell NH₃ dealers know special crop and soil conditions in this area. They use application equipment perfected in more than twenty years of fertilizing experience.

Get healthier stands, yield increases up to 50% or more, and a return of as much as \$4 for every \$1. Fertilize with NH₃ the SURE Shell way.

SHELL NH₃ CAN BE APPLIED WITH YOUR OWN TILLAGE EQUIPMENT

Your Shell NH₃ dealer's equipment for injecting nitrogen in the soil may be attached to almost any tillage tool. As you work the soil, the NH₃ is placed at correct root zone depth. Here the fertilizer combines immediately with the soil, helps decompose crop residue, provides the right amount of nitrogen at planting time and throughout the growing season.
