

Moro Personals

Married: Mrs. Inez Burrows of Santa Paula, California and Norman Fields, Sherman county sheriff, in Portland, Saturday, September 24. They expect to live in the Carl Nelson home in Wasco. Mrs. Fields has one daughter, 12 years of age.

Mr. and Mrs. Lige Donnelly of Joseph, Mrs. George Beatty (formerly Mrs. J. J. Wiley of Portland) and Mrs. Mae Dodge of Salem all were week end guests at the home of Mr. and Mrs. A. S. Johnson.

Mrs. A. R. Rasmussen drove to Seattle Friday in company with her two sons and their wives to attend a wedding of her niece, Miss Clara Woolworth on Bainbridge Island. She returned Sunday.

Mr. and Mrs. Miles Biggerstaff stopped in Moro for lunch last Friday and met a few old timers they knew 50 years ago when Miles and his brother Dave were owners of a saloon where the Moro Grain Growers now have a garage. Mrs. Biggerstaff was Minnie Elcock and they live at Roseville, California.

Tom Douma was up from his home near Portland for a few days last week returning Thursday. Tom says that the only trouble with having nothing to do is not knowing when to start and stop.

Allen Murray came up from Hood River Thursday for a short visit to Sherman county. Allen has been in a veterans' hospital in Portland and is to return this week for heart treatments.

Mrs. May Barnum was here briefly Thursday on some business concerned with her property in this county.

John E. McClure came up from Portland, last Friday morning to look around Moro for a few hours and try to find some place that looked familiar after an absence of nearly 40 years except for brief visits.

A lot of folks from this vicinity were in Portland Saturday night to watch Oregon State defeat Stanford 10-0 in a football game

that turned out just right for local observers.

John Parker underwent an operation in The Dalles Friday for correction of a hernia, from which he is recuperating satisfactorily.

Mr. and Mrs. C. Inman Chipman are making some living quarters in their Moro Motors garage since the house they lived in has been sold to E. L. Gray. No houses being available the Chipmans will live near their work.

Mr. and Mrs. Loy Cochran were in Portland Friday afternoon to attend the open house given by their son Gordon Kee Cochran, celebrating the opening of his own office at 1962 NW Kearney Street, Portland as an architect. He has been working as an architect for a few years but now is starting out on his own. Over 150 attended the affair.

Mr. and Mrs. Clyde Gillmor were in Portland over the week end and brought their grand daughter, Debra Gillmor home with them for a visit.

A large group of Moro residents went to Portland Saturday to attend the wedding of Miss Vivette Sparling, daughter of Mr. and Mrs. Clarence Sparling of Portland to James Green, son of Mr. and Mrs. J. L. Green (Edith Green) of Portland. They will live near Camp Devens, Mass. where he is in the army.

Ronnie Benson has been pledged to Beta Theta Pi fraternity at Oregon State and Harold Duncan to the same fraternity at the University of Oregon.

Brea aqua news

PRE-PLANT DRILLED SOAK-IN NITROGEN PAYS OFF FOR LOCAL GRAIN GROWERS

OUR ALL-MECHANIZED 'AQUA' SERVICE saves you time and money by eliminating lift-and-lug field side handling and speeding up applicator refills.

SHALLOW DRILL APPLICATION of Brea Aqua means least disturbance of soil and seed bed, conserves soil moisture, cuts time and equipment costs.

More and more local grain producers are boosting yields and profits with Brea Aqua Ammonia... low-cost, high performance nitrogen-in-solution. Brea Aqua is a "natural" for grain. It combines easy, mechanized fluid handling with pre-plant drill application which soaks nitrogen into the soil at just the desired number of pounds per acre.

Brea's Agricultural Technical service offers these recommendations for dryland grain. Vary the application rate with average rainfall expectancy as follows: In Washington and

Oregon: 8-15 inches of rain—30-50 lbs. N per acre; 16-23 inches of rain—50-70 lbs. N per acre; above 23 inches of rain—70-90 lbs. N per acre. Soil tests are recommended to determine phosphate requirements.

For more information and assistance in planning your nitrogen schedules—call us today. We'll be happy to show you how Brea 'Aqua' pays for itself over and over again. You'll like our prompt service, low cost, per pound of nitrogen applied, all-mechanized handling and the exceptional results.

Just call us and we'll come out and show you how Brea Aqua solutions can make more money for you.
