You Live Better for Less With Cheap Electricity Serving You!

WHAT'S DOING

Cal Horn, your Telephone Manager

Housewife rates her telephone "tops"

"Of all my household items," says Mrs. F. G. Dominey, "I think my telephone is the most useful. I can't count all the ways I depend on it. For example, I do a lot of my shopping by phone. Then there are the calls for repairs, to make appointments, to round up my youngsters in the neighborhood, and for a hundred and one other things. And that doesn't include all the pleasure our phone brings us... as a fast, easy way to visit friends and relatives. I certainly don't know what we'd do without it." Most people we've talked to agree with Mrs. Dominey about the usefulness of the telephone. Isn't it true that few things which serve so well cost so little? Pacific Telephone works to make your telephone a bigger value every day.

An automatic electric range gives you modern convenience at its very best, yet the electricity that makes it so convenient costs only pennies a day at Pacific Power's low rates. And today's busy homemaker needs the kind of help in her kitchen that only a modern, fully automatic electric range can give her. Is this help available in your home? Or is the range in your kitchen one of the old-fashioned kind?

Remember, you get reliable, low-cost electric service from Pacific Power at a price that makes it today's biggest bargain! It costs less to live better with this bargain in your budget.

Talk it over with your friendly electric appliance dealer. Get a new, modern, automatic electric range now!

Did you know you can actually talk to several members of your family at the same time by long distance? Well, you can, even if they're scattered all over the country. Each of you can talk back and forth to the rest as if you were all in the same room. We call this a telephone conference call. To place one, just tell your operator the people you want to talk to, where they

Your Telephone Number Will Have a New LOOK . . .

It will also make it possible, in a few years, for you to dial calls and to receive them direct from friends in distant cities.
