It looks high priced

...but it's the '56 Chevrolet!

THE NEW BEL AIR SPORT COUPE

You wouldn't mistake this new Chevrolet for a high-priced car!

It looks strictly "upper bracket" with its bold new Motoramic styling... its longer, lower hood... its proud new full-width grille.

But, even beyond the costly appearance of its beautiful Body by Fisher, Chevy gives the high-priced cars a run for their money. It brings

you lightning acceleration for safer passing. Horsepower ranges up to 205! All engines now have hydraulic-hushed valve lifters.

Besides, you get safety door latches in all models. You can also have seat belts, with or without shoulder harness, and instrument panel padding at extra cost.
