WHAT'S DOING

Cal Horn, your Telephone Manager

Your New Chief Operator for The Dalles Area

Meet Calista DeMoss who has assumed duties as Chief Operator for The Dalles, Grass Valley, Moro and Wasco. Mrs. DeMoss comes from Cottage Grove where she has been Evening Chief Operator since 1948. She first went to work for Pacific Telephone at San Francisco in 1929, and has worked for the company also in Berkeley, Calif., and Eugene, Oregon. Mrs. DeMoss and her husband Lee, who is a contractor, have purchased a home in The Dalles. They have one daughter Mrs. Yvonne Blue who lives in Cottage Grove. Although Mrs. DeMoss is a native of San Francisco, she can trace her ancestry back to the beginning of The Dalles. Her grandmother, Emma Castella, was born at old Fort Dalles, the daughter of a cavalry soldier who was later transferred to San Francisco. She says, "I like the climate and the friendly people of this vast Eastern Oregon country."

Special schools for telephone people

The young lady at right is putting in her first day with the telephone company. Actually, she's in school, training at a practice switchboard to be an operator. In the same way, lots of other people with no telephone experience have become skilled in telephone work. We run many different schools for our employees, to train them as linemen, service representatives, and so on. This special schooling helps telephone people build better careers for themselves. And it also means your service is always in the hands of well-trained people. The men and women of Pacific Telephone work to make your telephone more useful every day.
