**From where I sit ... by Joe Marsh**  
**Just the Facts, Ma'am!**  
Having a red-hot crime wave in town. Specs McGuire and Buck Hanson were caught taking money out of parking meters - again. I was at Police Headquarters when a nice old lady rushed in to report them.  
"It was dark but I saw their faces in the flashlight beam," she said breathlessly. "You can't trust anybody these days!"  
She got flustered when Chief Benson explained that Specs and Buck are authorized collectors - working nights after their regular jobs. "Have to get 'em uniform," said Benson. "Third time they've been turned in!"  
From where I sit, we ought to guard against accusing anyone of being "wrong" just because that's the way it looks to us. For instance, I've heard people talk against a neighbor because they didn't approve of his choice of beverage! (They liked tea, or something, while he preferred a glass of beer.) Be sure you have a case before you lay down the law.
