CARD OF THANKS
We wish to thank our many friends who helped us the day our barn burned. Also for the hay that has been given us.
Alfred and Edith Lyons

Now you Know!
The answers to everyday insurance problems*
By Frank Ketter

QUESTION: When the damage from water used to put out a fire is considerably greater than from the fire itself, will the Fire insurance pay for the water damage?

ANSWER: Yes, that damage is fully covered in a standard Fire policy.

*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

Did You Buy That Stock People Were Talking About?

You don't have to be rich to have an ownership interest in many of the "blue chip" stocks you read about every day. An investment in a Mutual Fund—even a modest sum, or an invest-as-you-go plan—will give you an ownership interest in many such leading companies. Send now for this free folder.

Brea aqua news
PRE-PLANT DRILLED SOAK-IN NITROGEN PAYS OFF FOR LOCAL GRAIN GROWERS
it soaks in
it stays put
it pays off!
OUR ALL-MECHANIZED 'AQUA' SERVICE saves you time and money by eliminating lift-and-lug field side handling and speeding up applicator refills.
More and more local grain producers are boosting yields and profits with Brea Aqua Ammonia... low-cost, high performance nitrogen-in-solution. Brea Aqua is a "natural" for grain. It combines easy, mechanized fluid handling with pre-plant drill application which soaks nitrogen into the soil at just the desired number of pounds per acre.
Brea's Agricultural Technical service offers these recommendations for dryland grain. Vary the application rate with average rain fall expectancy as follows: In California: 8-12 inches of rain—30-40 lbs. N per acre; 13-18 inches of rain—40-50 lbs. N per acre; 19-23 inches of rain—50-60 lbs. N per acre; and above 23 inches of rain—60-80 lbs. N per acre. Soil tests are recommended to show phosphate needs.
For more information and assistance in planning your nitrogen schedules—call us today. We'll be happy to show you how Brea 'Aqua' pays for itself over and over again. You'll like our prompt service, low cost, per pound of nitrogen applied, all-mechanized handling and the exceptional results.
Just call us and we'll come out and show you how Brea Aqua solutions can make more money for you.
