BE SURE to see the horse show today—Friday—at the Sherman County Fair. It will begin at one o'clock and saddle clubs of the entire mid-Columbia will participate.

THERE WILL BE 12 EVENTS.
THIS SHOW will bring to Moro some of the best horses, stock horses and pleasure horses, to be found in Oregon and they are worth seeing.

EVENTS are varied and there will be calf roping by singles and by teams and other competitive events, also. Judging of pleasure horses and stock horses will be an exciting part of the program.

THE TAVERN
Mac & Bill Alsup

**New Standard plant foods help the West
produce better meals at less cost**

Broadcasting of Standard's new uniform chemically blended plant food by airplane can turn sparse hilly acres into rich pasture for livestock

RICHER SOIL means better crops, yet the West has never had enough soil-building fertilizer. To help meet farmers' needs, Standard opens a \$16 million plant next month which will produce petroleum-derived plant food* in pellet form for Western soils and crops.

This uniform blend of essential plant growth elements is so effective that 400 pounds on an acre of grassland often enables it to feed 3 to 5 times more livestock. On other crops, too, it increases profits per acre. With this better use of Western land, your family will get tastier, more nourishing meals for every budget dollar.
