Cal Horn, your Telephone Manager

**He found phones wherever he went**

Recently, Mr. Bill Brown and his family took an auto trip to attend a business conference. After he returned, he sat down and wrote us a letter saying: "The new modern roadside telephone booths were one of the most useful conveniences we found. They are everywhere, even out in state parks away from city populations. They saved us hours of time and eliminated so much of the annoyance of waiting." Right you are, Mr. Brown. When you're away from home and have a call to make just look for that familiar Bell emblem. It means there's a phone handy.

**Where were you when that call came in?**

The last time the telephone rang in your home, where were you? Cooking dinner in the kitchen, doing up that blouse in the sewing room or out in the workshop finishing up that chair? Wouldn't it have been swell just to reach out and answer the phone instead of rushing halfway through the house to get the call? Telephones in the rooms you use a lot are convenient. The cost is \$1.25 a month for each one after a single installation charge. You can call us today and make yours a telephone-convenient home.
