## Easier Farming for YOU

**Calkins**

**TRASHMASTER**

SIZES:  
10 1/2 to 14 ft.

**Trashmaster Rod Weeder**  
is an entirely NEW principle of efficient rod weeding. It offers you so many MORE ADVANTAGES made possible by the Calkins Patented CENTER BOOT.

**In-Line Hitching**

Because both ends of the rod are clear of the wheels, you can hitch In Line and weed right up to your fences and strips. NO SKIPS on turns or hillsides.

**Uniform Depth Control** because all wheels are inside rod length. This gives complete control of each weeder, close follow of any contour condition, never a wheel where it doesn't belong.

**Dual Drive, plus Patented Center Boot**, takes you through even the heaviest trash... gives you more traction, straighter pull; never a dead rod on turns.

**Combination Rod Tiller Bar** multiplies the use of your weeder. Choose either shovel or new spike type, which insures penetration in hard ground and gives complete control at depths as little as one inch. Excellent for June or Cheat Grass kill.
