Sixty-eight hundredths of an inch of rain fell at the station last weekend, big enough to make headlines any other year but this when such a shower is a weekly occurrence. More than 20 came Friday night in slow drizzle and the remainder Saturday in a quick shower.

Rufus Personals

Mrs. George Fox

Bill Meyers of Rufus was the lucky winner of half a 1150 lb. beef, when his number was drawn from the ticket box at the benefit ham dinner at St. Mary's Catholic church in Wasco, Sunday. The dinner was given at the Legion hall in Wasco. Bill Bellevue of The Dalles won a hind quarter, and Don Adams of Portland, the front quarter of the same beef donated to the church benefit by Afton McIntyre and James Fox, both of Wasco. The beef was raised by McIntyre. The proceeds go to pay off the debt on the electric organ in the church.

When the Rufus Grange met Thursday evening, Mr. Ross, a government engineer from Walla Walla was the guest speaker on the John Day dam project. Ross said the location would be below the John Day river for that area was needed to store water.

Carlton Brown, the grange Mutual Life Insurance representative was a visitor. Harland McDonald, master, presided.

Mrs. Sadie Rich reported on the use of barley for poultry feed. She also told of the menace of cheat grass in the wheat, and of the different grades of beef. There was some discussion of the dissatisfaction of the wheat growers with the soil bank program.

Mrs. Harland McDonald reported the Mother's Day Tea was well attended, also the flowers used to decorate the hall were given to the sick ones in the community. The next meeting of the HEC will

be at the home of Mrs. Alta Smith. Mrs. Walter Morris was elected as chaplain and Rolland Johnson on the executive committee to fill the vacancy left when the Blakes moved away.

George Fox was elected delegate for the master at State Grange, also as a fire insurance delegate.

Mrs. Rolland Johnson said she hoped all the grange members can go to State Grange at Bend this year. Her lecturer's program will be on Monday evening, June 10.

The wedding plans have been announced of Miss Marlene O. Wenzel of Clackamas and George Fox Jr. of Rufus. The date will be June 15 at the Catholic church

in Oregon City. The young couple are both students at Oregon State college. WHAT'S DOING

Cal Horn, your Telephone Manager

Guarding the safety of you and your family is a big part of any telephone man's job. That's why we each take a course in "defensive driving." It teaches us ways to avoid accidents—to anticipate what other drivers or pedestrians may do. It really works too. Our drivers cover millions of miles every year and chalk up one of the best safety records in the U.S. It pays off for us and our families, and for you too, for it helps make driving safer for everyone.

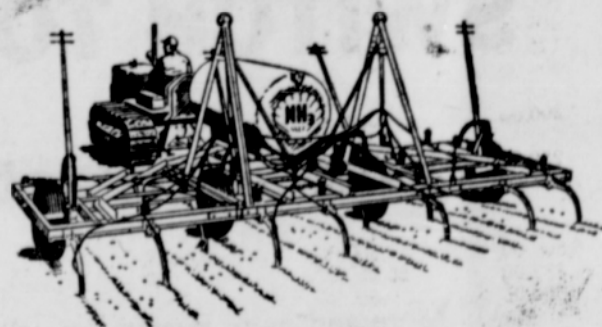

A reserve of power guards your phone service—day in and day out. Happily, storms and other emergencies don't come along often. But we keep ready anyway. Special standby generators run by gasoline or diesel engines have been provided in each telephone central office. If needed, they can take over to supply necessary power. This is one of the many ways we work to provide telephone service you can count on.

Next time you plan a family visit by telephone, make it a Conference Call. On a single telephone hook-up, family members in several different locations can chat back and forth. Everybody can hear and talk with everybody else. Your long distance operator will make all the arrangements for you. And she'll be glad to tell you the rates. Pacific Telephone.
