GET THE FACTS

Ads appeared last year stating that the Insurance Agency which placed the ads would save farmers 20% on their Field Grain Fire coverage.

Nearly all big, reliable Mutual Companies pay a 15% dividend on Field Grain Fire premiums.

The Field Grain Fire rate of \$3.00 per \$1,000 of insurance is in effect this year, just as it was last year. The 15% dividend gives you a net rate of \$2.55 per \$1,000 of insurance.

If you can produce a Field Grain Fire policy written at a 20% below \$2.55 per \$1,000, bring it to my office and I will personally give you a check for the amount of the premium.

We are now writing Hail Insurance at the lowest rate in effect in the State of Oregon. Be sure, insure early, it costs no more to get your protection now. Every cloud can have a silver lining when you have Hail protection.
