The town of Rufus was awakened Thursday night with a grass fire burning just west of the old Frank Bartholomew home. It is presumed a cigaret was thrown from a passing car on highway 30 which joins the lots. The fire burned fiercely, and there was a stiff west wind that night to alarm the residents enough to ask for the help of the Wasco fire department. The truck was brought down and put out the fire which was confined to burning grass, but could have done considerable more damage if not brought under control. The fire truck got water from John Mathieson's well.

Mr. and Mrs. Rolland Johnson and Harland McDonald were in

WHAT'S DOING

Cal Horn, your Telephone Manager

I'll bet you find dust gathers fast around the house these summer days. And it would at the phone office, too, if we didn't get after it right away. Did you know dust's an enemy of your phone service? You'd never guess how much real trouble it could cause if it got in our switching equipment. One way we keep your calls going through is to vacuum the equipment (above). Just like you clean your living room rug! We've got a special kind of dust cloth, too. It's treated chemically... so it'll catch dust better. Can't be too careful about these things.

You can't help noticing "straddle trucks" like this when you see them on the road. They're pretty unusual looking. And take it from me, they're plenty useful, too. When we put in new cables to carry your calls, a truck like this really speeds things up. First it picks up a cable reel in a jiffy. Then carries it fast to the place it's needed. And notice how you can park it right above the manhole where the cable goes.

If you're like other folks I know, you're calling long distance a lot these days. You know how easy it is to call any place in the U. S. One reason it's easy is that we work closely with other telephone companies. Maybe you didn't realize we're just one of over 4000 phone companies in the U. S. Our lines connect with all the others. So your calls go where you want them to go - fast. Pacific Telephone
