Flattens hills... gets all the grain!

New CASE 302 Side-Leveling Combine

SENSATIONAL stability, traction and operating ease make the new Case 302 combine a wonder on hills. You make short turns fast with rudder-action single rear wheel. Optional gear-drive hydraulic power boosts you over hills and around turns, gives you super-stability with 15x16A tire. New double swing frames have room for 18x26 tires. New main-frame, pivot-pin mountings guard against twisting strains. New header with retracting-finger auger and beater, plus straight-line feeder delivers short or tall crops evenly to the cylinder. New power and economy with Case 400 world's record engine. Hydraulic variable-speed drive fits the pace to the crop.
