I was the night before Christmas, and all through the bank, the tellers were asking just whom they should thank, for making their year one of pleasure and joy, while meeting and greeting each man, girl or boy.

When out in the lobby, loan officers came... and typists and clerks their question the same. From offices, vaults, and from every compartment... bookkeepers, guards... and the whole trust department

In seventy-six branches the managers knew, that they had a message to carry to you. And so they all sang in tones loud and clear, "Merry Christmas to all... and a Happy New Year!"
