Mrs. George Fox

The Rufus Grange held its annual Booster Night Saturday, September 27. The hall was decorated in beautiful fall flowers. First the officers demonstrated the seating drill with Mrs. George Fox at the piano. George Fox, master, gave a welcome address and told what the grange stood for and some of its policies. Mrs. Will Huck, lecturer, had charge of the program as follows: "It's Better To Light a Candle" was expounded by Mrs. Walter Morris, Mrs. Bert Swigart and Mrs. Geo. Fox; Debra Laukeman and Barbara Moseley gave a demonstration of what they could do with their hula hoops, which was twirl them around the waist, neck and run with them. Deloris Belshee sang a song accompanied by her sister, Jeannette Belshee on the piano. Jackie Sims of The Dalles, who used to live in Rufus, did several tap dancing numbers. Mrs. Harland McDonald read "When is a Man Educated". Miss Kay Macnab played a piano solo. The crowd rose and sang the chorus of "God Bless America". Colonel H. B. Elder, the engineer in charge of building the John Day dam was the speaker. He told about things which would affect this area, and what they had accomplished and what they planned to do in the future. Col. Elder had a blackboard drawing of the dam, so could point out details

as he went along with his talk. Col. Elder stated the John Day dam will be the largest to be built to this date. As this area is vitally interested in this subject it drew a large crowd to hear the speaker. Linda Marden played a piano number. Mrs. Joe Morris gave a reading "Building a Temple". Arlene Macnab played a piano solo. Harland McDonald and Bill Huck put on a skit of two farmers who had been on the outs for twenty years. After the program the floor was cleared and Mr. and Mrs. Floyd Lane were present to demonstrate some folk dances and do some mixers which were enjoyed by both old and young. After the dancing the grange women served sandwiches jello and cake with coffee and punch.

Mr. and Mrs. John Mathieson and Mr. and Mrs. Fay Brackett took their Sunday school classes on a picnic Saturday. The children enjoyed the outing at DeMoss Springs park.

We have had a wonderful warm week of Indian summer weather which everyone has basked in. The farmers are hoping for enough rain so that they can get their crops all seeded before too long. They say digging on the grasslands that no moisture is to be found.

**"I'm making my FIRSTOMATIC savings deposit!"**

"These days, it's do-this-yourself, do-that-yourself until all a fella really wants to do himself is rest up. Now, it's not that I'm lazy, you understand, but when somebody says 'don't do it yourself, we'll do it for you' ... that's for me!

"Like Firstomatic. A few months ago, I asked First National to take over my savings paper work for me ... told them just how much to take out of my checking account each month and deposit for me in my savings account. Now, while I just relax and take it easy, they're doing it for me. And all the time, my savings keep building up—and earning regular interest, to boot!

"Great idea, Firstomatic. Makes resting so much more pleasant, especially when you're dreaming of money!"
