

Grass Valley

By Mrs. A. F. Balzer

Mrs. John Reckman, Mrs. Bob Helyer, Mrs. Bob Tatum and Mrs. Harry Howell were hostesses at a layette shower honoring Mrs. Larry Kayser of Centerville, Wash., held Thursday afternoon in the Kent Community Bible church basement, which was decorated in the baby motif of pink and blue and nursery pictures.

Games appropriate for the occasion were played with the prize going to the honor guest, Mrs. Kayser opened the many lovely gifts assisted by Mrs. Harley McKay.

Refreshments were served by the hostesses from a buffet table covered with a pink and blue cloth centered with a bouquet of pink and orchid asters flanked by pink candles in crystal holders.

Out of town guests present included Mrs. Paul Fraser, Mrs. Blaine Miller and Mrs. Orville Patnode of Moro, Mrs. Ina Kayser and Mrs. Patsy Palmer of Centerville and Mrs. Bert Cox of Grass Valley.

Mrs. Donald vonBorstel, Mrs. Kenneth Crews and Mrs. Myrtle Smith were hostesses at a party at school Tuesday, Sept. 30 at 2:30 in the lunch room celebrating birthdays of their children, Carsten vonBorstel and Patty Crews who were seven and Gordon Smith who was six. The first and second grade pupils and their teacher, Mrs. Virginia Sullivan were invited. A merry-go-round cake was served with dixie cups and milk. Each child received a funny book as a favor.

Mr. and Mrs. Keith DeCoursey and family and Mrs. John Miller and children of The Dalles spent Sunday visiting at the Carl vonBorstel home.

Al Roberts and sons of Corvallis came Friday evening and spent the week end at the Fred Cox home. They went deer hunting and went home with a buck.

Mr. and Mrs. D. L. Reynolds returned home Friday from a trip to Portland, Lebanon, Seaside Chehalis and Tacoma where they visited relatives.

Mr. and Mrs. Gene Reynolds had as their guests several days last week her parents, Mr. and Mrs. C. F. Kellogg of Portland.

Mr. and Mrs. Frank T. Bayer had as weekend guests Mr. and Mrs. Eugene Vintin of Corvallis.

Mr. and Mrs. Curtis Stark of Bend are visiting relatives here. He went deer hunting and bagged a buck.

Byron Bayer went deer hunting with his uncle Harry Stark Saturday and bagged his buck.

Mrs. Charles Swan of Sweet Home and Mrs. Walter Kinot of Eugene came Saturday to spend a week visiting their mothers, Mrs. Amelia Peterson and Mrs. W. F. Schilling.

Don Cox spent last week in Portland visiting friends.

Gary Schilling, a student at the University of Oregon spent the weekend here with his parents, the Roy Schillings.

Mr. and Mrs. Don Earl and David were business visitors in The Dalles Friday.

Mr. and Mrs. Larry Smith and daughter arrived Friday night from Corvallis and spent the weekend with his parents, the Don Smiths. They went deer hunting and came home with a buck.

Mr. and Mrs. Don Clodfelter had as dinner guests Saturday Mr. and Mrs. Wallace May and their guests Mr. and Mrs. E. L. Coffey and Mr. and Mrs. Jack Eugar and son of Portland. The men went deer hunting and they had a buck to take back to Portland.

B. C. Baumgartner of Portland came Friday and left Saturday with a buck. He was a guest of Mr. and Mrs. Herman Peters.

Mr. and Mrs. Roger Korstad and children of Eugene stopped

WASHINGTON AND OREGON SMALL BUSINESS CAMPAIGN

Unfortunately, due to clever propaganda over the past twenty years, the issue of states rights has become in the minds of far too many people somehow entangled with racial questions. Thus, to many people, anyone who advocates states rights is also in favor of freedom to lynch members of minority groups.

Such, however, is not the case.

For example, in a recently completed poll of the nationwide membership of the National Federation of Independent Business, 79% of the nation's small businessmen, east, west, north, south, voted in favor of legislation to permit states to regulate labor disputes.

This is actually a demand by the nation's independent businessmen for state's rights in handling affairs on a local basis.

For two decades, or more, the federal government has been involved through the National Labor Relations Board in labor disputes regardless of how local, if somehow it is established the product made crosses state lines.

Thus, for example, while the competitive problems, living conditions, and every other factor may be entirely different as regards a clothes pin factory in Santa Fe, New Mexico, and one in Machias, Maine, in such the federal boys to lay down the rules and regulations under which a labor dispute in either place will be adjudicated.

There are some who seem willing at any time to charge the National Labor Relations Board with harboring the largest group of communists in the U. S.

This allegation is probably not true. Yet, on the other hand, due to the fact that jobs on this board would be pretty hard to hold down year after year if any member of the agency were under constant attack by the leaders of big labor organizations, it is reasonable to assume that the National Labor Relations Board is not the most objective body in the nation.

In every labor dispute, local conditions and factors are important in the overall picture if fair and equitable settlements are to be arrived at. For example, workers in the garment industry in southern California do not have the high winter heating costs, other living costs, of their opposite members on New York's Seventh Avenue.

Yet a lower labor rate in southern California does not mean that the factory owners gain greater profits, because they have greater freight costs to reach the nation's more populous markets than their opposite numbers in New York have.

Thus, throughout the nation, there are many, many examples, where a settlement fair in one area, is not fair in another area. Yet the National Labor Relations Board must always be alert to what the big national labor leaders think.

And obviously, the economic health of a local community is more vital to the citizens of that community than anybody from the outside. Thus, the nation's independent businessmen, in a realistic recognition of this situation, are asking that handling of local labor disputes be placed on a local level. This is actually a part of what is included in the often misunderstood term of states rights.

Improved Hog Buildings
New ideas on buildings and equipment for hog production have brought considerable changes in the past few years.

Regardless of the type of hog program a farmer is planning, he should give careful consideration to the building and equipment layout in order to save time and labor and to keep capital investment in buildings and land to a minimum.

Elaborate facilities are not needed, but they must be designed for easy cleaning and to provide the animal-care essential to good management.

Modern building and equipment published in recent years by Oregon State college extension service provide many of the features needed for efficient management.

Copies of the building plans are available through the county extension office. Available plans include a complete pig production plant, several types of farrowing houses, breeding crate for hogs, self feeder for hogs and farrowing stall.

Home Garden Disease control
Many plant diseases overwinter in diseased plant parts which will soon be falling to the ground. Raking and burning these flower parts and leaves in the fall is the first step in the home garden disease control program for the 1959 season.

By eliminating fungus organisms which will overwinter in these affected parts, the amount of spraying or dusting may be reduced for disease control the following year.

Apple and pear scab, cherry leaf spot, black spot of roses, iris leaf spot are examples of diseases which are carried over from season to season by diseased leaves.

WINNERS AT COUNTY FAIR

Horses: Arabian stallion, Marjorie VanGilder 1st, Don Thompson, 2nd. Stallion, one under two, Marjorie VanGilder 1st; Stallion, under 1 yr., Marjorie VanGilder 1st - Mare, Don Thompson, 1st, Marjorie VanGilder, 2nd; Shirley Watkins, 3rd; Produce of Dam, Marjorie VanGilder 1st.

Apaloosa: Stallion, under one, Don Thompson 1st; Mare, 3 and

over Leo Coelsch 1st, Don Thompson 2nd.

FASTER WINTER STARTING

Chevron Pressure Primer System starts heavy-duty engines in seconds—even in coldest weather. Small steel cartridges of Chevron Priming Fuel, a simple discharger and a few feet of tubing complete the kit.

This low-cost system reduces crankcase dilution and engine wear, lengthens battery life.

To avoid fuel line icing, pour a little Chevron Ban-Ice in your gas tank.
