WASCO CHURCH OF CHRIST
... He that soweth sparingly shall also reap sparingly; and he that soweth bountifully shall reap also bountifully. Let each man do according as he hath purposed in his heart; not grudgingly, or of necessity; for God loveth a cheerful giver." 11 Co. 9:6-7. God does his work, but he does expect believers to bring their tithe into the store-house.

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

AWARDED THE GOLD MEDAL of the Comité Français de l'Élégance, for beautiful proportions—at the Brussels World's Fair

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you change oil at 4000 miles instead of the 1000 often recommended... a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever... and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Now you can have all the high performance of a completely new, completely automatic Fordomatic Drive teamed with Ford's new Mileage Maker

Six or Thunderbird V-8 engine—at a price that should banish "stick shifting" forever!

NEW economy team Number Two! Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-geared axle.

Altogether NEW in everything you can see, feel or touch!
