

**Moro Personals**

Carroll Newport, youngest brother of Mrs. Lenora Cauthers, came last Thursday morning by stage from Norbonne, Missouri for his first visit to Oregon and his first sight of his sister in many years. She is 91 and he is 76. Mr. Newport farmed two farm before retiring and moving to town where he has a small business. Small, quick and active, he moved about Moro and Grass Valley to learn all there was to know before he left Tuesday to return home having been farther from Norbonne than ever before in his life.

Mr. and Mrs. Lester Conlee returned Saturday from Los Gatos, California where they went Monday of last week to attend the funeral of Mrs. Conlee's brother, Sidney Rickett. They spent a few days in San Francisco with relatives and the weather was warm and sunny.

Mr. and Mrs. Clarence Spurling were here for a visit with her mother, Mrs. Daisy Byers. They are celebrating the birth of another grandchild, a 6 1/2 pound son, James Sterrett Green Jr., to their daughter Vivette. James Sr. arrived March 11 in Portland.

The Wasco WSCS will hold its annual tea in the social room of the Wasco Methodist church next Wednesday afternoon at two o'clock and the theme of the affair will be "Centennial Days". Ladies who have old costumes will be expected to wear them for the program will feature old times in talk and song. Everyone is welcome to come.

The journalism class of Sherman high school visited the Journal plant Wednesday and learned something about the mechanical side of making a newspaper.

Roy Belshee is home again after a long spell in the hospital and several weeks of recuperation at the home of his daughter in The Dalles.

Mr. and Mrs. Clarence Lennerville of Portland spent the week end here as guests of Mr. and Mrs. Loy Cochran. Mr. Lennerville retired this winter as battalion chief of the Portland fire department and also as Lieutenant Colonel in the army reserves.

Mr. and Mrs. Dewey Thompson flew in from Honolulu Sunday after a stay of three months on the islands where they soaked up enough sun to make them as brown as natives and feeling fine.

Mr. and Mrs. Harold Gign were up from Hood River Monday to look after business and visit with friends.

Bob Jones drove up from Portland Sunday to get his mother in law, Mrs. E. E. Barnum who will stay with their recuperating son, Bob Jr., for ten days while the Jones go to the National Bowling congress in St. Louis, Mo.

Mrs. Curly DeMoss wishes to express her thanks to the following who helped her in the recent Polio Foundation drive: Velma Belshee, Carrie Belshe, Joelle Belshe, Lila Bucholtz, Julie Parker, Alice Gochnauer, Alice McIntyre, Sylvia Akerman, Marie Zachary, Wanda Dunlap, Annabelle Kelso.

Mr. and Mrs. Art Christianson were here this week after several weeks in The Dalles. Art is still interested in spring work even if unable to do it.

Bill Cramer is working at Cushman Equipment as spring activity speeds up the demand for parts and equipment.

Mr. and Mrs. Darwin VanGilder went to Portland Monday so that Darwin could see his doctor who informed him of the obvious: he is getting too fat.

Ash and Clifford "Dutch" Martin and their wives were in Moro briefly while on their way home to Yakima valley after attending the funeral of Ben Payne in Grass Valley Tuesday.

Don Thompson was in Salem early Wednesday morning to appear before a legislative committee on behalf of additional funds for agricultural research.

**News of 4-H CLUBS**

The Sew and Sews sewing club met at 3:30 Feb. 17 at the home of Mrs. Hockett, our leader.

The meeting was called to order by President Linda Hockett. Mary Coats led the flag salute and the 4-H pledge. For refreshments we had cookies, then we worked on our aprons.

The Golden Thread girls met March 9 at the Grass Valley school. Randy Lemley led the pledges and answer was by favorite colors. Joyce Steel was absent. We planned the date for Miss Armstrong to visit our sewing club on April 13 or 27. We elected Joyce Steel, Lorraine Stark and Derrick Peters as game committee for our Easter party which will be held March 23. Carolyn Johnson will bring refreshments.

The Handy Girls Sewing club met with club leaders Mrs. Stan Coelsch, Mrs. Paul Fraser and Mrs. Lloyd Henrichs at the high school. Lana Jean Paulson, acting president, opened the meeting. Minutes and roll call were given by Diana Henrichs in the absence of the secretary. We sang "Sing Your Way Home" out of our 4-H songbooks. Our next meeting is March 16.

The 4-H Knitting Stars met at the Grass Valley school with Mrs. Myrtle Smith, leader March 2. The girls worked on their hats. Mrs. Smith showed us how to do the chain stitch. She served refreshments. We are going to make interesting and fun things such as slipper socks and octo-Kitten.

Card of Thanks  
 To the many, many friends and neighbors who came to offer their sympathy and services, to the Legion who gave their time to carry out our wishes, and to the senders of food, flowers and memorials for Bob, we extend our sincerest thanks.

Having a problem getting the family up for breakfast? In this age of electronic miracles, the gadget shown above is suggested as a logical solution.

It will arouse the sleeper, in more ways than one, but once up, he can help establish good eating habits for the family.

Strong measures (maybe not to the extent shown above) are necessary, according to leading doctors and nutritionists who have studied the subject, to insure that breakfast will not be the day's most neglected meal.

Breakfast, according to those diet authorities, should supply about one-fourth to one-third of the daily food requirements. They point out that the "let's skip breakfast" people prove to be less alert, less efficient and more susceptible to fatigue than those who eat a good morning meal.

The human body is so constructed that for maximum health it requires fairly even intakes of food at regular intervals. You can't make up for the lack of a good breakfast.

People who are troubled in holding the right weight should eat a good breakfast. If they neglect breakfast they may eat too heartily a lunch or dinner. And they just might have a snack or two between meals.

What constitutes a good breakfast? The foods essential to the day's first meal include fruit or fruit juice, cereal, milk or other beverage, and several slices of toast. Eggs and breakfast meat frequently should be included.

These foods are necessary both for children and adults. They supply the nutrients essential for the physical and mental stimulus for work—and play.

Methodist Church social room to honor Margilee Kaseberg for her ten years of service as leader of the Girl Scouts.

The speaker for the afternoon was Mrs. Armas Jaku of Hood River who has traveled extensively and returned last summer from a trip to Ceylon as a delegate to the International Home Extension meeting.

Her pictures were outstanding and her vivid descriptions of the life and culture in the various places she visited made an educational and enjoyable afternoon. Guests for the day were Mrs. Fred Anderson, Mrs. Winnett, Mrs. Richard Skiles, Mrs. Roy Shafer, Mrs. Vernon Root, Mrs. Fulton, Mrs. Harry Pinkerton of Moro and Mrs. Alice Anderson of Portland.

Spring flowers decorated the rooms and dainty cakes, tea and coffee were served from the beautiful tea table by Mrs. Pinkerton and Mrs. Haven.

**MODIFIED SHANK REDUCES FIELD DOWN-TIME**

One of the original revolutionary shank designs introduced into the Northwest a few years ago has been reshaped and strengthened to fit soil conditions more exactly in the Wasco and Moro areas.

According to Vernon Root, Manager of Agri-Chem, Inc., Wasco, "The 1958 season saw very successful trials of this modified fertilizer applicator shank."

Root said that the improved shank was well received by local growers and that field down time due to shank breakage has been virtually eliminated.

Called "The Wasco Area Pattern," the shank is made by the White Front Machine Shop in Yakima. Originally the shank design was introduced into the Northwest by Collier Carbon and Chemical Corporation, manufacturer of Brea Brand fertilizers.

Vernon Root, Manager of Agri-Chem Inc., said today that Agri-Chem, Inc. has recently equipped its rolling equipment with low pressure balloon tires, which cause less soil compaction and wheat damage than the old dual-type tires.
