NEW from the Folks with MONEY FOR SALE... FIRSTBANK READY-CREDIT!

YOUR CHECK IS YOUR CREDIT!

SO EASY! When you need money... just write a check! No need to spend your regular budget or touch your carefully-colored savings. Firstbank Ready-Credit is an instant source of cash... Ready-Credit is only a penstroke away, anytime, when First National approves your account.

HERE'S HOW IT WORKS! Ready-Credit is your personal credit storehouse. When you open a Ready-Credit account, your line of credit up to a chosen amount is established. When you write a Ready-Credit check, and that check arrives at the bank, First National automatically makes a loan for that amount. To start Ready-Credit, you establish a repayment program to fit your budget. The maximum credit amount you may write checks against is determined by your repayment plan. For example, if you've arranged a 12-month repayment plan, and can comfortably make payments of \$50 per month, your available Ready-Credit will be \$600.

FLEXIBLE TERMS! Ready-Credit repayment terms are flexible, to suit your needs. You are not limited to a single time schedule for repayment. You may choose the repayment terms most convenient for you.

YOUR CREDIT IS CONTINUOUS! This is another nice thing about Firstbank Ready-Credit. It works like a revolving charge account. You can keep your Ready-Credit account open as long as you like. Your monthly payments constantly rebuild your Ready-Credit account for re-use. You don't have to repay the full amount before using your account again. Just make one application. The moment

it's approved, you may start using your Ready-Credit indefinitely, making monthly payments and staying within your maximum credit amount.

YOUR BOOKKEEPING'S SIMPLE Firstbank monthly statements tell you how your Ready-Credit stands. They show the checks that you have written, the service charges that have been made (including 3% per check paid), total payments you have made to your account, and the amount of credit balance available for your use. The monthly service charge, made only on the amount of credit used, is computed at \$1.25 per \$100 per month on the balance outstanding up to \$500, and 90¢ per \$100 per month on that portion of the balance exceeding \$500. Payments, of course, reduce your unpaid balance and these amounts are available again as credit. You make no payments if there is no balance due.

CHECKS FURNISHED FREE! Ready-Credit is as convenient as a regular checking account. When your Ready-Credit account is established, you receive a free supply of Firstbank Ready-Credit checks and a handy record form. When you need a new supply you simply use the check re-order form provided. Joint Ready-Credit accounts are available, too, with either signature of joint borrowers honored in paying checks.

LIFE INSURANCE PROTECTION! Firstbank provides life insurance on your unpaid Ready-Credit balance. Your family receives protection on any Ready-Credit amount you owe.

CHOOSE YOUR CREDIT

This schedule shows what the total amount of your Ready-Credit will be, for example, if you choose a 12-month repayment plan.

Credit	Payment
\$240	\$20 a month
\$400	\$30 a month
\$1,200	\$100 a month

Ready-Credit repayment terms are flexible, to suit your needs, and are not limited to the examples shown above. You may choose the repayment terms most convenient for you.
