GOLDEN HARVEST
FERTILIZERS FROM PACIFIC

Just about anything you need in fertilizers—liquid or dry—can be found at your local PACIFIC Cooperative. You'll never find more effective or more economical fertilizer than GOLDEN HARVEST.

But, good fertilizers do not guarantee high yields. One other essential ingredient is needed for sure crop success and that's...

fertilizer "know-how"

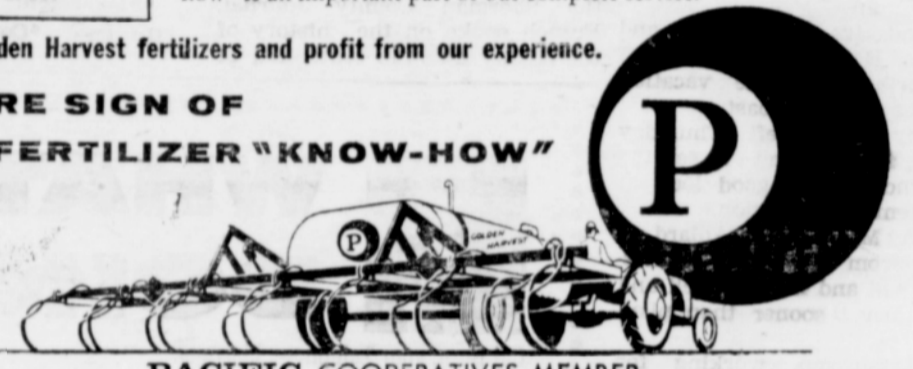

- ★ AQUA AMMONIA
- ★ AQUA PHOSPHATE
- ★ URAN 32
- ★ SULFUR

Our fertilizer experts in your own area can tell you what rate to use, what time of year to apply, at what depth to inject, how to find the fertility levels of your fields and how to get the greatest production per dollar of cost.

Underfertilizing robs you of profits. Overfertilizing is wasteful and costly. Contact "fertilizer headquarters" right now and be sure of a GOLDEN HARVEST. We'll do the job for you or you can rent one of our light draft applicators—either way fertilizer "know-how" is an important part of our complete service.

Use Golden Harvest fertilizers and profit from our experience.
