IMPORTANT NEWS FOR SMOKERS

A recent medical report says:

Each Cigarette Neutralizes 80% of the Minimum
Daily Adult Requirement for Vitamin C

This makes you stop and think, doesn't it? But there's no need to worry... nor to stop smoking just because of this.

Just be sure to replenish the Vitamin C your body may need with McKesson's Vitamin C (ascorbic acid) Tablets.

You see, every McKesson Vitamin C Tablet of 250 milligram strength has as much of this health-building vitamin as five average oranges. So, especially if you're a

smoker, your system may need McKesson's Vitamin C Tablets every day.

Now's the time to stock up, because right now your druggist is offering two large 100-tablet bottles of McKesson's Vitamin C Tablets for the price of one.
