**Rufus Personals**

By Mrs. Geo. L. Fox

The Rufus Grange met in regular session April 7 with the master, George Fox in the chair.

The agriculture chairman Rolland Johnson told of the different commercial fertilizers used on the wheat ground, and of the benefits gained by using it. The legislative chairman, Mrs. Harland McDonald talked a bit about the primary election being held in some states. She urged all to vote in the coming elections. She told of the seriousness of racial problems and the terrible floods in different areas, and the results of the vote

on the reorganization law. The Vector Control meeting or hearing was held April 11. Mrs. Rolland Johnson said the next Home Ec meeting will be at her home April 14 at 1:30. Atlee Wilson who is on the card party committee said the final party was held March 26. The parties will be resumed in the fall.

The Rufus Grange voted to enter into the Community Service contest for 1960. The Grange will put on the degree work later this spring. Mrs. Rolland Johnson who is the safety chairman said all should be very careful of insecti-

cides. The Grange voted for state officers. The secretary was instructed to write a thank you to Mr. and Mrs. Delos Williams for the electric range they donated to the Rufus Grange kitchen. A social hour was held after grange when the hostesses Mr. and Mrs. Rolland Johnson and Mr. and Mrs. Roy Shafer served pumpkin pie and coffee to all.

Mrs. Will Huck had the misfortune to lose the end of her finger recently. She was helping her husband drill seed into the ground, and when the drill clogged with straw she reached her

finger up into the end of the slot where the seed was coming down. She got her finger up too far and the gears took the end of her finger off. The doctor took skin from her arm to cover the end of her finger, and it seems to be mending satisfactorily.

Work has begun again on the diner on Keith Cazier's place which was started last fall. This is a cement-block building. More men are coming at Rufus in connection with the work going on around here.

The weather was so warm last week, but is a bit cooler this week.

**THE PRESCRIPTION PHARMACY**

**IT DOESN'T ALWAYS PAY TO BE BRAVE...**

Adults too often will put on a show of courage with a "cold," rather than retire and rest—and call the Doctor. Pneumonia sometimes attacks such stalwarts.

Do not try to be brave with a "cold," however simple. Follow the well-established guidance—rest, eat a well-balanced diet, and drink plenty of water and fruit juices. If symptoms persist, call your Doctor promptly, while there is still time for treatment of the current illness and prevention of possible hazardous complications. If medicines are indicated, we will be happy to render the best in Pharmaceutical service in filling your Doctor's prescriptions.
