visit a week or so with his daughters, Mrs. Cecil Hockman and Mrs. Harold White, who live in Sherman county. Jack looks fine, still thin and wiry.

About The County

Thieves broke into Steve McMillin's tavern at Wasco Monday night and took what they wanted from the tobacco stock, about \$30 in cash and some clothing that had been returned from the cleaners, for a large and a small man.

Mrs. Donald von Borstel and children went to Portland Monday on business for a few days.

Mr. and Mrs. Harold Eakin spent several days last week at their cabin at Camp Sherman.

Mr. and Mrs. Archie Cantrall had as visitors last Sunday Mr. and Mrs. R. A. Engle of Seattle and Mr. and Mrs. Jack Brazel and family of The Dalles and their son, Gene Cantrall of Portland.

Mr. and Mrs. George Capaci, grandparents of John and Tony Capaci, journeyed here from South Gate, California, to attend John's graduation exercises, but instead of a "graduation," when it became necessary for him to enter the hospital for an appendectomy. The boy's father, John Capaci, with Mrs. Capaci and their two children from La Puente, California, also were present for the occasion. The California visitors were guests of Mr. and Mrs. Robert Nisbet while here. John and Tony plan to leave this week for Los Angeles to visit other relatives, and will also return to visit their father and grandparents before returning to Wasco.

An affair of May 28 was a swimming party and picnic luncheon at the L. E. Kaseberg ranch, honoring the birthdays of Don Watkins and Mike Lane. Guests included members of the eighth grade class at Wasco.

A Very Serious Purpose in Life...
Like a new-born baby entering this life, from whom great things are expected, the prescription handed you by your Doctor has a purpose. The prescription also has a definite route to follow.
Your prescription's purpose is to provide you with preparations important in restoration or improvement of the health of the person for whom it is intended. It should be brought to the pharmacy without delay. Carefully compounded, and with directions attached, the preparation is then ready to be used to accomplish its high purpose.
Our pharmacy is one of the community's prescription centers, and provides reliable professional service for prescriptions at all times.

Are you interested in investing in the future of Alaska?
The Pacific Alaskan Land and Livestock Co., Inc., an Alaskan Corporation is looking for young heifers to be shipped this summer to islands in the Alaskan Peninsula to be the foundation of breeding stock which will supply beef for Alaska. The owner helps pay for shipping and shares in the profits of his animals.
Anyone interested please contact Arthur or Marjorie Van Gilder soon. A vessel is being prepared to ship out of the Columbia now.

Had Enough Hi-Pressure?

We've taken the "high pressure" out of fertilizing and put it where it belongs—right in the root zone. A direct-to-the-root-zone application, that is, of Shell NH₃. Here's a way of putting on nitrogen near enough to roots so they can use it right away. And, precision-injected Shell NH₃ forms a uniform band of nitrogen large enough to keep the plant properly fed during the growing season. This means high efficiency feeding, resultant high yields, and low investment in fertilizer. Besides these three advantages, Shell NH₃ helps reduce the pressure on you in today's tight fertilizer market.
