

**Moro Personals**

Mr. and Mrs. Lamer Sayers left this week for Colorado where their daughter Dayanne and Philip Coombs will be married Saturday.

Leo Mayers was in Moro from his home in Walla Walla Tuesday on some business for the government, he now being an appraiser of land in this area.

Mrs. Leta Eslinger returned the first of the week from Seattle where she spent several days visiting her son, Walter, and family.

Mr. and Mrs. George Reed took son Walter to Portland Monday where he had his knee operated on at St. Vincent's hospital Tuesday morning to correct a football injury incurred in the Grant Union game. He came out of it alright and is expected home by the end of the week.

Ben Musa of The Dalles, incumbent state senator, was in town Wednesday distributing cards and talking about his hopes for re-election.

Mr. and Mrs. John M. DeMoss just returned from a successful hunting trip to the north fork of the John Day and are getting ready to leave for Phoenix, hurried because of the serious illness of Elbert DeMoss.

Mrs. Edwin Balsiger and daughter will fly in to Portland from Hawaii Saturday and Edwin will fly to San Francisco where he will be discharged from his navy service and ready to start civilian life again.

By Pauline Broughton

Mr. and Mrs. Charles Decker are parents of a new baby, born last Friday. The boy, as yet unnamed, weighed 8 lbs. 5 oz.

Mrs. Elva Dehler attended the Grand Temple session of Pythian Sisters in Portland Oct. 9-11. Mrs. Dehler was a page, as well as being chairman of the banquet committee. A highlight of her trip was the renewal of a friendship with Mr. and Mrs. Lester Roderick of Honolulu, whom Mrs. Dehler first met five years ago on a trip to that city. Mrs. Roderick at that time was Most Excellent Chief of the Honolulu lodge. Just prior to the Portland session Mrs. Dehler learned the Rodericks were visiting in California, and wrote inviting them to attend

the Oregon meeting. Mrs. Roderick received her Grand Temple degree during the Portland visit. Beginning last week and continuing through Nov. 8, the Wasco Church of Christ is sponsoring a school of missions each Tuesday at 7:30 p. m. There will be a different missionary speaker for each week. Last weeks guest speaker was Bob Vernon, of Joplin, Mo., who is a member of the cast in the nationwide TV show, "Homestead, U.S.A.", a film based on the family life of four fissionary families, and is produced in Hollywood. Next week, Jerry Watkinson, a missionary from western Mexico,

will speak on "Recruiting and Training of Missionaries." Last Sunday young Riley Moody and his brother received a new pet in the form of a Shetland pony. Monday morning Riley just couldn't bear to leave for school without riding the pony one more time. In some manner, he fell off, struck a rock, and broke his right arm, which is now in a cast.

Last Friday Mr. and Mrs. Marvin Thomas and Mr. and Mrs. Lloyd Royle drove to Burns for the football game. Mr. and Mrs. Leonard Fields also attended the game at Burns.

Monday, October 10, Mr. and Mrs. Leo Watkins had as dinner guests Mr. & Mrs. W. D. Watkins.

kins and Mrs. Vinton Watkins. It was the 55th wedding anniversary of Mr. and Mrs. W. D. Watkins.

Sunday afternoon Mr. and Mrs. Lloyd Royle, Mrs. Sally Wright, and Mrs. Augusta Royle enjoyed a leisurely drive to Hood River, where they visited the Sheldrake family, relatives of Mrs. Lloyd Royle, and also visited her aunt Mrs. Sheirbon.

**AMERICA'S THRIVING AGE OF ACTION**

BECAUSE OF AMERICA'S VITALITY... because the facts of growth and progress are before everyone's eyes... because the restless, creative energies of Americans have moved our economy into an age of action... life in 1960 takes on a new, exciting dimension. Here are some of the ways Standard is expanding the thriving economic fronts of today into your future.

**ACTION IN HAWAII** New landmark in Hawaii's economy is Standard's refinery... opening next month. Creating new jobs, new payrolls and products "made in Hawaii," this huge plant will cost \$65,000,000 — new progress for the Islands.

**ACTION IN ALASKA** Oil is on the horizon — the first commercial production. To speed it to tankers, Standard participated in construction of the just-completed 22-mile pipeline. Standard's investment in the last two years has been three times what the U.S. paid for Alaska in 1867.

**ACTION IN RESEARCH** How far can science and imagination commercially "stretch" the molecule of oil? Into colored plastic highways? Into a new wear-defying fiber for clothing? We're backing our research staff — 1400 strong — with \$20,000,000 in 1960... to find new ideas and practical answers in this age of action.

**ACTION ON THE HIGHWAYS** In 1960, under highway building programs, four billion dollars' worth of new roads will connect the nation with its future. As a major supplier of asphalt, Standard helps pave the way at lower cost. For asphalt puts down three smooth miles of highway for the cost of two in other pavements.

**ACTION IN AGRICULTURE** To keep the nation's productivity rising we completed a \$5,000,000 chemical fertilizer plant this year in Washington. This month, in Iowa, we started work on another, costing \$22,000,000... the sixth plant in ORTHO's wide-spread agricultural family.

Now INTERNATIONAL 4-wheel-drive models have true-truck V-8 engines as standard equipment.

**Makes off-road trips easy!**

Our new INTERNATIONAL 4-wheel-drive models are geared and powered to go... anywhere. Is rough country a problem? Let us help you choose the INTERNATIONAL 4 x 4 to handle it. If you have a service problem of any kind —

See us about trucks... we know!
