

Moro Personals

Mrs. Mary Southwick came up to The Dalles Friday to visit her brother, Roy Powell and wife and Saturday her son, Loy Cochran, drove down to bring her to Moro for Christmas with relatives in her old home town.

Alvin Halley is here for a leave from the navy after spending some time at the navy boot camp near San Diego.

Mr. and Mrs. Collis Moore will leave Friday for California where her niece, Sidney Grant, is being married early in January. They will remain in the southland until there is prospect for warmer weather here.

Mr. and Mrs. Tommy Thompson and children went to Pendleton for Christmas in spite of the fact that Mrs. Thompson has been bedfast for ten days with a case of plebitis, but she made the trip OK.

Mrs. Harvey Thompson is home again after a couple of weeks spent in a Portland hospital following an operation.

Art Nichols is here from Spokane to visit his brother Wesley over the holidays.

Mr. and Mrs. Art Christianson drove to Pendleton last week and took a plane for Salt Lake to spend the holidays with their daughter, Diane and family.

The small daughter of Mr. and Mrs. David Moore pulled part of a tonsil out last week while playing with a bit of wire, an experiment that caused the family a quick trip to the hospital. She's alright now.

Mr. and Mrs. Edwin Balsiger and children are here this week to spend the holiday season with his parents.

Charles Cochran, nephew of Loy Cochran, was in town Wednesday morning selling insurance. Any who noticed a young man six foot seven and weighing 290 saw him.

Roy Cyphers was home for Christmas but not for long as he is student manager of the OSC basketball team and had to hurry back.

Mr. and Mrs. Cleo Barnum and sons, Eddie and Johnnie, were guests of his parents, Mr. and Mrs. E. E. Barnum Thursday, coming from their home at Bend.

Marine Pvt. Ronald L. Sawyer, son of Mr. and Mrs. P. K. Bryan of Wasco completed recruit training Dec. 14 at the Marine Corp Depot, San Diego, California.

Reddy Kilowatt's Helpful Hints

HOW TO MAKE YOUR HOUSEHOLD DOLLAR GO FARTHER!

- Heating a house without weather stripping or insulation is like trying to carry water in a leaky bucket. Weather stripping and insulation keep heat inside where it does you some good.
- Save heat by pulling down window shades or drawing drapes at night because heat passes easily through window glass.
- Plan your clothes drying so that you can do a full load each time in your electric dryer.
- Clean the lint from your dryer often. Lint holds water and makes clothes harder to dry.

These are just a few of the ways you get your biggest value from dependable PP&L electric service. Use it often, use it efficiently. Live better electrically!

County Ramblings

County Agricultural Age

The two to five inch below normal rainfall coupled with at least an inch below normal for the previous year made crop prospects on the shaky side. Rainfall was especially light in the fall and early winter of the 1960 crop year. Spring rains past may were non-existing. These two factors really cut into the production of shallow soil areas especially in the southern part of the county. Cold weather in November and December of '59 under dry soil conditions killed most of the fall planted spring barley.

Rainfall data collected from the three weather bureau stations and cooperating farmers for the '60 crop year was: Kent—8.20 with a 36 year average of 10.68; Moro—8.80 with a 50 year average of 11.97; Wasco—9.40 with a 53 year average of 11.73; Willard Barnett, Grass Valley—9.24; W. E. Bruckert, Wasco—8.81; Chet Coats, Wasco—7.74; J. S. Fritts, West of Kent—5.50; Norman Gochbauer, Moro—6.66; Paulen Kaseberg, Wasco—8.87; Allan Pinkerton, Moro—10.77; Frank Reid, Rufus—10.22; Howard Ross east of Moro—6.90; Lamar Sayrs, Moro—11.82; Dewey Thomas, Wasco—8.99; Ted Thompson, Moro—8.35; Ted Trimble, Grass Valley—11.07; F. L. Watkins, west of Wasco—7.35; and Ben Payne, west of Grass Valley—8.16.

Fire was the most dramatic problem this past crop year. Around two thousand acres of grain and several thousand acres of range land were destroyed in the northern section of the county. Farm operators in the northern section divided the first week of harvest into half time fire fighting and the rest harvest.

Smut, the perennial scourge of the wheat farmers, did not exist in the '60 crop. This is the second year in a row where no loss was observed or reported.

CATTLE, A GENERIC TERM FOR BOVINE ANIMALS, ONCE MEANT ANY FORM OF PROPERTY AND WAS SYNONYMOUS WITH 'CHATTEL.'

TEXAS LONGHORNS, FAMOUS CATTLE OF THE EARLY WEST, NOW ARE NEARLY EXTINCT. THEY WERE DESCENDANTS OF STOCK BROUGHT TO THE SOUTH-WEST BY SPANISH SETTLERS.

SELECTIVE BREEDING OF CATTLE TO RAISE BETTER-QUALITY BEEF BECAME A FIXED SCIENCE IN ENGLAND AND SCOTLAND BY 1800... THIS WAS THE ORIGIN OF THE HEREFORD, SHORTHORN AND BLACK ANGUS BREEDS WHICH ARE SO POPULAR ON AMERICAN FARMS AND RANCHES.

NOW, MODERN STOCKMEN USE A NEW TYPE OF FEEDING PROGRAM TO PRODUCE MORE TENDER BEEF WITH LESS FAT. MODERN LIQUID SUPPLEMENT CONTAINING ETHYL ALCOHOL, FED WITH GRAIN AND ROUGHAGE, PROVIDES IMPROVED NUTRITION FOR CATTLE.
