Here's what PP&L customer Mrs. Henry Ross says about electric living:

"My family thinks electricity is a wonderful helper—especially on baking days!"

"The way our children love freshly baked cookies, it's little wonder they think the electric range is the best of our 32 appliances. As for my choice, it would probably be the automatic washer and dryer. I use them constantly because we have a new home and the lawn isn't in yet, so you can imagine the amount of dirty clothes this means for the youngsters."

Mrs. Ross is one of thousands of PP&L customers who are using lots of electricity these days—more and more all the time!
