IT NEVER WAS NECESSARY TO "Enjoy" POOR HEALTH...

Many people seem to "enjoy" poor health. They would not care to be without a cupboardful of odd medicines for self-treatment—some of which may not be in keeping with competent medical advice.

The better way is to enjoy good health—by careful planning. Consult your Doctor at regular intervals, more often if required. He will prescribe only the preparations that you need—preparations of the highest quality, such as those from the laboratories of Parke, Davis & Company—prescriptions which we will be pleased to compound for you. The necessity for medication will pass, and life with abundant health can become a pleasure indeed.
