Here's what PP&L customer Mrs. David L. Hall says about electric living:

"Electricity is the best bargain in my budget—we use 33 appliances for only 43¢ a day!"

"It's wonderful having the help of 33 electric appliances when you have three lively children to wash clothes and cook for, and to clean-up after. I suppose my big favorites are the automatic washer, dryer and dishwasher, because they give me many extra hours every week for other family projects. And the cost is amazingly low! That's why we put electricity to work as often as we can."

Electric living means modern living to thousands of PP&L customers who, like Mrs. Hall and her family, are using lots of low-cost electricity these days—more and more all the time!

See your appliance dealer for the many modern electric helpers that are ready to serve you. Then be sure you're making full use of PP&L electric service—today's biggest value!
