Grass Valley Church Announces Services

THE ADVANCE OF MISSIONS will be the theme of the four day Missionary Conference to be held at the First Baptist church of Grass Valley beginning Sunday April 2 and continuing through Wednesday evening April 4th.

Sunday evening is designated as Sunday School night at which time missionary displays made by the various classes of the Sunday School will be displayed. The missionary speakers for the 7:00 p. m. service will be Rev. Charles

Green, missionary appointee to Argentina, and the Rev. Frank Melbourne who is working with the Mexicans in Arizona. Monday evening at 7:30 p. m. Rev. Frank Melbourne will speak and show slides depicting the life and activity among the Mexicans.

Tuesday night Rev. Bob Ferguson will give a first hand report on the critical Congo situation as this was his field of service prior to returning to the states. Wednesday evening the churches of the Mid-Columbia Conservative Baptist Association will unite for a Missionary Rally at the Calvary Baptist church in The Dalles at which time the senior missionary Bob Ferguson will speak. Special music will be presented each evening. The public is invited to attend each of these most challenging and informative sessions.

The same three men will speak at the Kent church the same nights as at Grass Valley.

Esteron 99 — kills weeds that other weed killers find too hard to handle . . . yet costs as little as 25¢ an acre

It's not what a 2,4-D costs—but what it controls that counts. More farmers buy and rely on Esteron 99*—for they find it's too costly to experiment with less-known brands. Tests show it's extra effective and easy to apply . . . doesn't foam . . . mixes easily in hard water, and sprays evenly. A single gallon covers many acres—an extra bushel an acre more than pays the cost. Order your supply of America's leading brand of weed killer today.

Here's what PP&L customer Mrs. David L. Hall says about electric living:

"Electricity is the best bargain in my budget—we use 33 appliances for only 43¢ a day!"

"It's wonderful having the help of 33 electric appliances when you have three lively children to wash clothes and cook for, and to clean-up after. I suppose my big favorites are the automatic washer, dryer and dishwasher, because they give me many extra hours every week for other family projects. And the cost is amazingly low! That's why we put electricity to work as often as we can."

Electric living means modern living to thousands of PP&L customers who, like Mrs. Hall and her family, are using lots of low-cost electricity these days—more and more all the time!

See your appliance dealer for the many modern electric helpers that are ready to serve you. Then be sure you're making full use of PP&L electric service—today's biggest value!

You have to make it . . . and one sure way to make money is by soil testing this spring.

Soil tests made this spring can determine whether or not your moisture and plant foods are balanced in the soil. Take advantage of the good moisture situation. Soil test . . . fertilize if necessary . . . and harvest your own money tree . . . a bigger, better and more economical crop.

Don't guess on the amount of fertilizer you need. Take the low cost way and soil test.
