From where I sit... by Joe Marsh

Silence, Please!

Cap Edwards' little boy started taking saxophone lessons a few weeks ago, and they tell me the noise on Upper Main Street was pretty bad.

Then, one afternoon, the Edwards' house was quiet again, and Mrs. Jackson next door figured the boy must have given up tooting his horn. Next time she saw Sis Edwards she asked her about it.

"Well," Sis said, "we knew that racket must be driving you folks crazy. So Cap got a soundproof telephone booth from the phone company second-hand. Junior practices in it to his heart's content. Even I don't have to hear him!"

From where I sit, Cap is living up to one of our oldest American principles—respect for a neighbor's privacy and feelings. You can be sure a thoughtful man like this never tries to force his opinions and preferences on anyone. He's the sort of man who'll go out of his way to have a bottle of beer ready to serve his guests even though he may not prefer beer himself. We can all learn a "lesson" in tolerance from Cap's phone booth.

Portland Public Docks Continues Cargo Lead!

For the fourth consecutive year Portland Harbor leads all Pacific Coast seaports in the movement of dry cargo tonnage.

Figures compiled by the U. S. Department of Commerce show Portland in first place with 2,606,650 tons, 244,200 tons ahead of second place Los Angeles and 443,250 tons ahead of third place Seattle, for the calendar year 1959.

Continued expansion of Portland Public Docks, assured by approval of a recent 9½ million dollar bond issue, is now under way to further increase cargoes flowing through the port and to reduce shippers' costs.

Rapid transportation to Portland from all inland points by rail, truck or barge, is unsurpassed. This, coupled with the lower freight rates of the water-grade route of the Columbia River, has helped Portland gain prominence as a leading world seaport.

For information about Portland Public Docks write or call Sales-Traffic Department: 3070 N. W. Front Ave., CA 8-8231, Portland, Oregon.

IT DOESN'T ALWAYS PAY TO BE BRAVE...

Adults too often will put on a show of courage with a "cold," rather than retire and rest—and call the Doctor. Pneumonia sometimes attacks such stalwarts.

Do not try to be brave with a "cold," however simple. Follow the well-established guidance—rest, eat a well-balanced diet, and drink plenty of water and fruit juices. If symptoms persist, call your Doctor promptly, while there is still time for treatment of the current illness and prevention of possible hazardous complications. If medicines are indicated, we will be happy to render the best in Pharmaceutical service in filling your Doctor's prescriptions.
