Portland Public Docks Continues Cargo Lead!

For the fourth consecutive year Portland Harbor leads all Pacific Coast seaports in the movement of dry cargo tonnage.

Figures compiled by the U. S. Department of Commerce show Portland in first place with 2,606,650 tons. 244,200 tons ahead of second place Los Angeles and 443,250 tons ahead of third place Seattle, for the calendar year 1959.

Continued expansion of Portland Public Docks, assured by approval of a recent 9 1/2 million dollar bond issue, is now under-

way to further increase cargoes flowing through the port and to reduce shippers' costs.

Rapid transportation to Portland from all inland points by rail, truck or barge, is unsurpassed. This, coupled with the lower freight rates of the water-grade route of the Columbia River, has helped Portland gain prominence as a leading world seaport.

4-H CLUB NEWS
The Knitting Knitters with Mrs. Lavelle Dormaier as leader met May 3 at the Al Dormaier home at 4:00 p. m.
The meeting was called to order by President Margaret O'Meara. The minutes were read and approved. Under new business we discussed about when everything should be done. Mrs. Dormaier told us that they should be done by the next meeting. We planned to have our mothers come to our meeting on May 12.

Here's what PP&L customer Mrs. Monte Weddle says about electric living:
"Electricity is a really big helper around our farm... and it's such a bargain!"

"With all the canning I do, I certainly wouldn't like to do it the tiring way my mother did—without electricity! We have 41 appliances, but I suppose our home freezer is the favorite. We keep it filled with the fruits and vegetables I put up, and the beef and pork we raise. All this electric help costs just 52¢ a day—it's the best value in our budget!"

Like Mrs. Weddle, thousands of other Pacific Powerland homemakers are using lots of PP&L electricity these days—more and more all the time!
See all the modern electric helpers at your appliance dealer's store. Be sure you're making full use of PP&L electric service—today's biggest value!
