A small spray plane circled over Moro a couple of hours Thursday morning dropping huge drops of a liquid that smelled like diesel oil and probably contained DDT with lethal intent against the city's thirty known mosquitoes. Other insects also eliminated, no doubt.

The Elks lodge of The Dalles to which many Sherman Countians belong will hold a meeting at Grass Valley September 23, the second in all time and earlier in the year than before. A class will be initiated at that time and entrants are now being listed.
