Prescription Pharmacists

A GOOD NAME is the FINEST ENDORSEMENT

Almost daily, new drugs appear which we are urged to offer. To reject the unproved products is just as important to this pharmacy as is the service of being alert to provide the newest and the best.

There are certain helpful guides on which we rely. Reliable pharmaceutical manufacturers, such as Parke, Davis & Company, establish quality and effectiveness with exhaustive clinical tests before a product is announced. Your Doctor is then given facts, and on his judgment we rely in making our decision.

Thus, if a preparation is in our stock, you are assured of its reliability.
