WHAT HAPPENS AFTER DEATH?

In a few score years, all who read these lines will have vanished from the earth.

Every day, almost a hundred thousand human beings finish their earthly span and pass off into the vast beyond. Our turn will come we all know, but when, where and how we cannot be sure.

No merely human being ever has been able to look into eternity and tell us what it is like. No scientific knowledge or instruments can pierce the curtain that divides this world from that into which all of us must eventually journey.

All we know about God's eternal plans for us... all we know about what lies beyond the grave... comes from the God Who made us and to the extent He has seen fit to reveal it to us.

But we can face eternity without fear. For we have a definite answer to the mystery of death. With the facts God has put at our disposal through the inspired books of the Old and the New Testaments, the Catholic Church always has given, and gives today, a definite answer to the important questions raised by the fact of death.

Man's life in this world, the Church tells us, is a preparation for the world to come... a testing-time which ends with our death. What happens after that depends on whether death finds us loyal to God, or opposed to Him and the way He expects us to live, "... it is appointed unto men once to die and after this the judgment" (Heb. 9:27).

Christ gave us (Matt. 25:31-46) a description of God's judgment which leaves no room for doubt that our worthiness of everlasting reward will be judged solely according to the way we have lived

our lives on this earth.

Death does not bring merely a long, unconscious slumber, but rather a quick awakening to the irrevocable judgment of our Creator. Nor does it bring us a second chance to prove ourselves or to amend our erring ways. In our own hands rests the opportunity... and upon our own heads the responsibility... to determine if death shall be the threshold to everlasting life among the blessed, or among the lost.

Men blessed with youth and good health often feel that death for them is far away—something to be worried about only in the twilight years. Some scoff at the suggestion that an everlasting hell could be permitted by a merciful God. Others seem to think that God will treat them kindly if they live reasonably moral lives, even though they pay Him no special honor which is His due.

If you would like more information on Heaven, Hell, Purgatory, the end of the world and the resurrection and judgment of all men... we shall be happy to send you an interesting pamphlet, in a plain wrapper. And nobody will call on you. Write today for your copy of Pamphlet No. KC-14.
