These are RECOMMENDATIONS only. Each voter must exercise his own judgment. The AFL-CIO is satisfied to present the issues and the candidates on the record. Each of the candidates we have recommended has a record in office—if he has held public office—that in our opinion served the best interests of the state and the nation. If the recommended candidate has not held public office we have judged him upon his views concerning a wide variety of issues.

"Here's what PP&L customer Mrs. W. D. Montgomery says about electric living..."

**"My daughters say  
electricity makes housekeeping fun"**

"... That's because electric appliances help us get so many jobs done quickly and easily. The girls help me with the cooking, the laundry, and dishwashing... and they love it. Just a glance at our list of 40 appliances will show you the wide variety of jobs electricity helps us do... and for such a reasonable cost. Electric service is the best value we get these days."

Like thousands of other Pacific Power & Light customers, Mrs. Montgomery and her family live better because they make generous and effective use of modern electric service.

How about you—are you making full use of Reddy Kilowatt's helpful service?

In the typical U. S. home Reddy works 332 hours per month.

332 KWH

In the average Pacific Powerland home Reddy works 732 hours per month.

732 KWH

In Mrs. Montgomery's home Reddy works 1584 hours per month!

1584 KWH
