It happened 100 YEARS ago

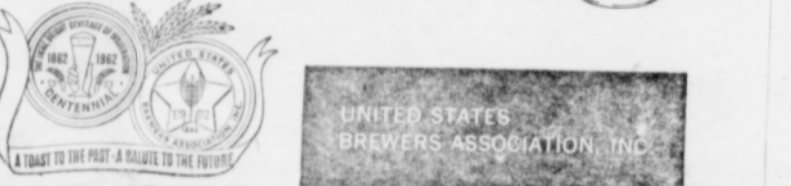

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN OREGON, every available steamboat was churning up the Columbia River, carrying prospectors to the gold fields in the Oregon Territory. But whether they found gold or just plain dust, Oregon's rugged pioneers knew they could always find delicious refreshment in a sparkling glass of beer.

For then as now, beer was the traditional beverage of moderation. But beer means more than enjoyment to Oregon. The Brewing Industry contributes more than a million tax dollars to Oregon each year—money that helps support our schools, hospitals and parks.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Sherman County Fair

Paulette Patnode is but one of about 100 4-H clubbers who are getting ready for the Sherman County Fair.

In addition to this Palomino pony she will show a red and a black steer and some pigs which is a lot for a twelve year old girl. All are well trained and obedient.

There are many girls who prefer cattle to cake and they often beat the boys for championships.

The kids are the best part of the Fair with their fine competitive spirit and wonderful livestock and domestic exhibits.

Then Saturday night it will all be sold so every one can have a share.
