Hon. B. Hermann lately visited California, to talk a little sense into forest cranks. Mr.H.is not a candidate for governor of Oregon.

The wool Record spoils its reputation for honest intentions by admitting to its pages boom ads for wildcat speculations vouched by McDonough and Medrick.

"And the villain still pursued him," is a scriptural lesson which applies to Scott; who cant let up on Hon. J.H. Mitchell even after the latter has retired to private life at his old home in Oregon.

All snide tobacco dealers and cigarette-fiend promoters may be punished with confiscation of the goods under the new tariff law when they attempt to force sales with prize packages.

It matters little whether the critics of Mr.Hermann's relatives be "stanch republicans," the administration knows a good man when seen and if the Hermanns possess satisfactory qualifications that is the other fellow's misfortune.

The present harvest reveals to Sherman county farmers an expressive sense of duty, more protent than any newspaper talk; about damages likely to result from farther neglect of united and harmonious action to root out China lettuce.

The long lost muster rolls of the companies of volunteers that fought the Rogue river Indians in 1853, have been dug up by Mr. Tongue, to the great satisfaction of veterans who have long endeavored to obtain recognition from the government but were informed that there was no record of their services in the war department.

Last week, while digging a well at his place in The Dalles, Hon. Emile Schanno discovered good gold prospects, 10 feet below the surface, in a fine bed of washed gravel, two or three feet in thickness, lying on top of a cement bedrock. Mr. S. does not think it a Clondike and is not going to mining, but the gravel and gold shows that where The Dalles stands the river at one time used to flow.

That invaluable report of Prof. Thomas Condon to 1872 assembly; the only report of any value ever made upon the geology of Oregon; is out of print. He has lost even his own copy of it; loaned to some one. Hunt over your old pub. doc. files and if you can find a copy send it to Mr. Condon, Eugene. It was because of the tom-fool vagaries of a silly assembly that Prof. C. was not retained as state Geologist for Oregon a region rich in minerals and ignorant "statesmen."

Schilling's Best baking powder is only a little better than two or three others; but *Schilling's Best* tea is twice as good as usual tea.

In either case, your grocer returns your money in full if you'd rather have some other.

For sale by
D. McDonald, Biggs, Ore.

Hen fruit is about as scarce in Sherman county as butter. The cash value of the cotton products of the United States for a certain year was given at $410,000,000; the dairy products $254,000,000, while the poultry products showed the robust sum of $560,000,000. Surely this tells the value of the poultry farm. Where are we at! The city and state of New York consumes about $48,000,000 worth of poultry and eggs every year, and the United States consumes about $500,000,000. England imports annually $48,000,000 worth of eggs and fowls for domestic consumption. Let us get in.

Harry E. Wise a young plunger in San Francisco is said to have cleaned up $150,000 in the rise of wheat so far. "I have made my money on this deal from a shoestring, as it were," he said to a press reporter. "I have not used one cent of my father's money nor of my own. We do not need money to make money nowadays. I made money in wheat last year without using a cent of my own capital. I spent $40 in one day recently telegraphing to my father from Oregon to buy wheat at any price. Had he done as I advised we would have cleaned up $2,000,000 by this time."

How to Find Out.

Fill a bottle or common glass with urine and let it stand 24 hours. A sediment, or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back is also convincing proof that the kidneys and bladder are out of order. WHAT TO DO. There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfils every wish in relieving pain in the back, kidneys liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention The Observer and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

THE WHOLE system feels the effect of Hood's Sarsaparilla—stomach, liver, kidneys, heart, nerves are strengthened and SUSTAINED.

THE WONDERS OF SCIENCE.

Lung Troubles and Consumption can be Cured.

An eminent New York chemist and scientist makes a free offer to our readers.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of THE OBSERVER writing for them. His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by heartfelt letters of gratitude filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial chest and lung troubles lead to consumption which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving postoffice and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in THE MORO OBSERVER.
