OFFICIAL PAPER OF SHERMAN CO. MORO, OREGON. D. C. IRELAND & SONS PUBLISHERS. WEDNESDAY SEPTEMBER 29, 1907

The first frost of the season has completely blighted the straw hat.

It is conceded in Madrid that Spain can only save appearances she will not care so much about saving Cuba.

Mayor Harrison of Chicago contemplates a trip to Europe to see if he can find a device by which the Chicago river can be collected and consumed in a garbage burner.

There is no use to send your money to Chicago or New York for a ladies cloak. The Moro Mercantile Company will guarantee you satisfaction both in fit and price.

When advocating a telephone line to Prineville from The Dalles the press of the latter city should tell the truth. The Sherman county telephone system is connected with the long-distance. No 3d party in it.

An experiment in rolling land after the wheat is well up, convinced N.W. Thompson that rolling pays—and the heavier the roller the better. He puts his ground in first class condition by plowing, then harrows thoroughly before and after seeding, and a good yield is always assured.

N. W. Thompson threshed 24,000 sacks of wheat during his 30 days run, and the average right through was 140 lb per sack. It would be difficult to estimate the bushels per acre as it run all the way from 15 to 40 bushels. Mr. Thompson thinks 20 to 25 bu. a fair average.

A frog can show gratitude. We have one that has made its home in THE OBSERVER building two years. Blinky was having some fun with it one day last week which the frog didn't enjoy. It was rescued and set free after which it returned to its protector's hand and nibbled flies as usual but with a greater sparkle in its eyes and much improved notes in its croaking.

It is no more than fair that everyone should enjoy a part and parcel of this prosperity. We have accounts on our subscription books which we have been carrying for years and we need the money. Wheat is a good price and the yield is fair. Perhaps another year may be unfavorable. If so we will be as lenient as possible but this year we must have our money and that right away in order to place the paper on a firm basis. We are making expensive additions to the printing outfit, and must collect all money due us during September and October of this year.

Schilling's Best means: we lend you tea coffee baking powder. and, if you like them, you buy them. Your grocer pays your money back if you don't like Schilling's Best.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., San, writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and sick headache, and as a general system tonic it has no equal."

Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength.
